CARUSO IN A BAD FIT AS HE WINS LOVE SUIT

Rejected Sweetheart of Tenor Can Collect Damages, High Court Rules.

ROME, June 22.—That the least trouble of Enrico Caruso, the world-famous tenor, are anything but over to show today in the decree of the Milan Court of Appeals which has just handed down a decision reversing the lower court which last year denied Elias Cassali, the Milan shop girl, who sued him for failure to marry her, damages in a breach of promise suit.

Caruso is in London preparing to spend the summer at his beautiful villa near Florence, and dispatches say, when shown the decision of the court, he allowed his temper to become greatly ruffled and left off considerable superfluous energy in the form of epithets and adjectives, because which he tried to did not believe the report.

The court, in handing down its decision, holds that the beautiful tenor's lower court is correct in not providing damages for the injury to the fair name of the plaintiff. The court, however, goes on to state that, although the relations existing between the plaintiff and the shop girl were not such as to entitle her to the damages she claimed, she is entitled to recover the money she spent in fitting herself to become Mrs. Caruso.

The decision orders that a new trial be held for the purpose of ascertaining how much the young woman is entitled to for her "pre-nuptial" expenses and orders that it be held at Caruso's return to Italy.

The suit in question was started over a year ago and at the time the plaintiff's attorney, who is now in this country and elsewhere. Testimony developed at the trial that when Caruso secured an introduction to her from his employer and on that same occasion she had decided to go away with him. It had been so fortunate as to make your acquaintance in 10 years ago, you would have been my wife by this time. Unfortunately, owing to my professional engagements, I must leave now.

After his departure Caruso handed the girl with letters written from Paris and London, in which he renewed his protestations, and in one letter ordered the girl to leave the shop to break with the "common people."

His "Little Sugar Doll." He sent her many photographs of himself and his children and in writings always addressed her by such endearing names as "Dear Sweet Thing," "Little Sugar Doll" and "My Little Treasure."

Some of the phrases in his letters, the following, being emphasized: "I am your treasure, very, very indeed. Do you know why I call you my treasure? Because I have a mad burning and longing to live myself up and down with them and never regret my freedom."

One of his most characteristic letters contained the following message: "You will see what I will do for you and my wife. How beautiful it will be. You shall be my little queen, and I your faithful slave. Do you know why I have accepted some other admirer? Can anybody speak ill of your mother instructed you? You assure me that you have, and now you smile as sweet as possible."

Prayed for Happy Day. I see the day that I may meet that I will have never entertained the slightest doubt as to your goodness. There is need for me to ask explanations or details concerning you.

Wilson's Daughter To Sing for Prison; To Inspect Prisons

Miss Wilson's Pansy Hat a Capital Hit

WASHINGTON, June 22.—Miss Eleanor Wilson, youngest daughter of the President, has succeeded in the plan formerly held by Mrs. Nicholas Longworth and has become the leading society milliner of the capital. She not only wears her own hats, but she brings the fashion that she designs to the head in Washington.

The younger set is particularly taken just now with a new creation Miss Wilson has made, which she calls the "pansy hat."

She suggests a white hemp shape and a gorgeous mass of purple panthea and soft ribbon. With artificial silk she arranged these about the hat. It has a chic, Parisian effect, and the uninforming world imitates the work of a leading milliner.

Shepard Is Carried Past Home of Bride

NEW YORK, June 22.—Persons on a late train from New York a few nights ago heard the porter call "Tarleton" and wondered why. They were told it was the name of the bridegroom.

Mr. Shepard only realized that he was going by his station when he was taken under way. It is too much of a railroad man not to know the dangers of jumping, and therefore he turned up the Albany road back to Irvington.

Ex-Gov. Dix Not to Govern Philippines

WASHINGTON, June 22.—It is clear that he will not consider the name of former Governor John A. Dix, of New York, for the office of Governor of the Philippines or for any other post.

Hearer Dies as Text Is Read by Pastor

William B. Mason, age 65 years, died from heart failure while attending services at the Collins Street Baptist Church Sunday morning. Rev. H. G. Mitchell, the pastor, had just announced the list of donors when Mr. Mason slipped down in his seat.

BULGAR PLOT TO KIL KING OF GREECE FOILED

Soldiers Disguised as Citizens Are Arrested—One Confesses Con- spiracy to Blow Up Palace.

Sofia, Bulgaria, June 22.—A plot foisted by Bulgarians against the life of King Constantine of Greece has been discovered here. A number of Bulgarian soldiers, disguised as civilians, were arrested today by the Greek military police.

A quantity of explosive had been discovered outside of the city gates and investigation led to the discovery of the conspiracy. One of the Bulgarians who was arrested confessed that an attempt was to have been made to blow up the King's palace.

Constant fighting between Greeks and Bulgarians is going on near here. The city has been strongly fortified on the landward side.

Bulgarians Refuse to Arbitrate; Crisis Near.

Sofia, June 22.—Bulgaria today withdrew its recent acceptance of a treaty from New York. It is a territorial dispute between this country on one side and Serbia and Greece on the other. This map shows that Bulgaria's attempt to prevent fresh conflict in the Balkans will prove futile.

The Bulgarian press is bitterly hostile against Ruzvick, charging that the Russian Government is secretly encouraging Serbia and Greece to take aggressive measures.

Stokles Can Attend Gettysburg Reunion

ALBANY, N. Y., June 22.—State officials will not prevent General Daniel B. Stokles from going to the annual reunion of the 69th Central Postal Directory of the battle of Gettysburg next month. Attorney General Carmody advised Daniel P. May, counsel for the State, that the State cannot prevent Stokles from attending the reunion.

Railway at Panama Big Military Asset

WASHINGTON, June 22.—Directors of the Panama Railroad at a meeting in the office of Secretary of War Garrison regarded it as a prime military importance that the railroad be kept open every way, and it is expected that there will be considerable traffic over the line even in the event of a military emergency.

First Cool Weather Signs Since June 16 Brought by Breezes

Pair and slightly changing tem- perature in the weather outlook for Monday.

Between 1 and 2 o'clock the first cool weather signs were visible. At 1 o'clock the temperature was 74, while an hour and a half later the thermometer had gained two degrees only. This was the smallest rise during the same period of time since June 16, and it indicated the maximum temperature for the day might be less than 90 for the first time since June 16.

Southwest winds of ten miles velocity cooled the morning air. The weather bureau indicated the breeze will continue through the day. Southeast winds brought 1.37 inches of rainfall Monday afternoon, and at 4:30 o'clock the wind attained a velocity of 41 miles. Following the rain, the minimum temperature up to 7 o'clock Monday morning was 71 degrees.

Yancey Killed One Week ago; Family Is In Need of Support

One week ago Monday Court Deputy Dave Yancey was stabbed to death by a crazed negro while attempting to preserve law and order, as he had sworn to do. To-day his widow and six children are holding a sad commemoration of that event in their little home on the Jonesboro Road.

Prince of Wales 19; Big Week in London

LONDON, June 22.—A week of exceptional social activity was ushered in today. The Prince of Wales today celebrated his sixteenth birthday. Tomorrow is the "Alexandria Day," called after the queen mother, when society women, dressed in white, will flow to the streets for charity.

Writers Defend Play Barred in Germany

Berlin, June 22.—The suppression of the play "Patriot" by the authorities of the Reich, because of the complaint made by the Crown Prince and many others that it gave too much praise to the French and not enough to the Prussian hero, has caused angry protests from many literary men and others who are prominent in politics.

Secrates Victim of Recall, Lawyer Says

CAMBRIDGE, MASS., June 22.—Making a plea for a less hostile attitude toward the judiciary, Secretary of State Secrates today made a commencement speech that the initiative and recall was tried on Alcibiades and Secrates in Athens and worked injuriously.

STATE READY FOR PRANK TODAY JUNE 30

Defense Has Announced Its Case Is Complete and Judge Roan Is Free.

Prosecuting Attorney Hugh M. Dorsey announced for the state Monday morning that the trial of Leo M. Frank would be placed on the calendar for the week of June 30. The defense had announced that the case was completed and no continuance would be asked unless some unforeseen contingency arose.

The trial judge, L. R. Roan, will have the most to say about the date for the trial. He intimated he would be ready on this date and would personally appear to more on the continuance. He said, however, that in the event of it being impossible to open the trial June 30 he would be at leisure between July 14 and 28, and it is not improbable the trial may be advanced to that date.

Dorsey Bank From East. Solicitor Dorsey returned to Atlanta Monday morning from a conference in New York. He called a conference with his assistants, E. A. Stephens and F. A. Hooper, at his home Sunday afternoon. It is announced that he would be ready for trial on Monday morning.

Little Mary Tribble Is Fast Sinking and She May Not Live Through the Day.

Slowly sinking in a death that the physicians regard now as almost certain, little Mary Tribble, daughter of Policeman Tribble, lies now unconscious and now tormented by racking convulsions at her home in East Atlanta. Her father, who is a policeman, has developed after she had eaten some brightly-colored chalk more than two weeks ago.

Women Are Drifting To Double Standard, Dr. White Declares

An appeal of rebellion against parliament was the explanation given for the rapid spread of the feminist movement by Dr. John E. White in his morning sermon Sunday at the Second Baptist Church.

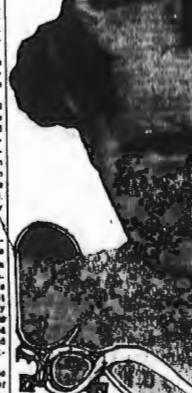

Women's Attire and Nude in Art Scored By Dr. Dunbar Ogden

An appeal for decency in life and art was made by the Rev. Dr. Dunbar Ogden at the Central Presbyterian Church Sunday night. The extreme fashion of woman's attire of the present day was attacked by him to be a menace to the morals and health of the art was even more vicious.

Death Hovers Over Chalk Victim Poison Baffles Expert Efforts Doctors Abandon Hope for Life

Here is a picture of little Mary Tribble, the poison chalk victim, taken when she was a few years younger than she is now. She was the pet of the neighborhood then and has since then been a very much loved little girl in school.

almost entirely paralyzed for the week since she suddenly was stricken, has suffered two convulsions in the last 24 hours, although three physicians have done their utmost to counteract the effect of the mysterious poison.

Another physician offered his services in the family Sunday. He recommended and administered a continuous water treatment throughout the day. For a few hours she apparently recovered and the prospects for her ultimate recovery seemed slightly more hopeful, but at midnight one of the terrible convulsions costed her little body and it was thought that she had died. Monday morning the work of the victim of the chalk and the family practically gave up hope.

Salvation Army Man, Struck by Auto, Dies

Thomas Jefferson, the aged Salvation Army worker and former Indian soldier, who was struck by an automobile at Mitchell and Whitehall Streets Thursday, died Sunday night at Grady Hospital. He did not regain consciousness. His relatives are not known, and his body, without claim, will be buried by the Salvation Army.

Alsborg Discredits Guarantee Labels

MOBILE, June 22.—The words "Guaranteed under the food and drug laws" on labels are no assurance that the contents of a package are pure, according to Dr. Carl L. Alsborg, chief of the Bureau of Chemistry.

Women Failures as Car Strikebreakers

PHOENIX, ARIZ., June 22.—Three women operated street cars here at the Phoenix strikebreakers, despite the threat of the striking railway employees. It was a struggle of three hours, however, the manipulation of brakes and dodging of obstacles proved too arduous, so they quit.

LEGISLATORS ALL HERE; LOOKING FOR BILLS

Reports That Interest Have Hand in Senate Presidency Fight Are Being Circulated.

The Georgia Legislature for 1913-14, although it does not assemble for its regular session until 10 o'clock Wednesday morning, already is all but unannounced in Atlanta.

All Monday and Tuesday the members poured into the hotel buildings. Not only have they come early to discuss the matter of organization in both houses but they have so counsel together concerning the legislation to be prepared during the first session.

The Legislature is a new one, and there will be a complete change in administration under the big dome in the next 24 hours, although three physicians have done their utmost to counteract the effect of the mysterious poison.

Women's Attire and Nude in Art Scored By Dr. Dunbar Ogden

Refering to the recent exhibition of art in the show windows of Atlanta stores, he declared their exhibition to be a crime, and that punishment as such should be meted out to the exhibitors.

Women Failures as Car Strikebreakers

There is a well-defined opinion among members of the new Georgia Assembly that the present child labor law is far from what it should be, and that reforms must be instituted, or the State suffer not only materially but in its reputation.

Women Failures as Car Strikebreakers

It is said that former Representative Steger Alexander, for years an earnest advocate of child labor reform, will prepare a bill for the State Assembly's attention, and that it will be introduced early in the session, with excellent chances of success.

"I Used To Be"

Do You THINK While You Are Dressing?

The Time Used in Dressing Need Not Be Wasted

Man in the process of evolution has got rid of his fur, or feathers, and every day he must put on something to take the place of fur, and every night he must take off the artificial clothing.

One old man in the State of New Jersey killed himself and left a note saying that he died because he was so tired of buttoning and unbuttoning clothes.

There is apparently no greater waste of time than the time that is spent in dressing and undressing.

Bathing, shaving for men and powdering your nose for women, finding what you want to wear and putting it on—it is a tiresome part of every day.

But— The hours in which a human being grows and develops mentally are the hours of solitude.

And a great many of us are practically never alone, except when we are getting dressed or undressed.

Sleep is a time of idleness—no growth there. When we are with others we listen, learn perhaps, and debate, but we don't really THINK WISELY.

The one thing that makes you more of a man than you were last year is intense, solitary thought.

Why not say to yourself: Since I must spend at least 800 hours a year in dressing and undressing, in bathing and shaving and looking for my collar button, I'll also spend that time IN THINKING?

Do you know how many men spend 800 hours a year in actual concentrated thought? Not one in a thousand.

Suppose you see what you can make out of the hours lost in putting on and taking off the artificial fur and feathers and how much you can grow in the thinking.

Reason felt that the mind was developed by reading, talking, and writing.

And he said: Writing maketh an exact man. Speaking maketh a ready man. Reading maketh a full man.

(We quote the learned gentleman from memory, which is necessary when you write editorials on a railroad train.)

Reading fills you with knowledge, speaking makes you quick or ready, writing makes you exact—true. But more important than reading, writing or speaking IS THINKING.

The real YOU lives inside of your brain alone. And it works at its best when you are alone.

Aristotle taught Alexander the Great walking up and down with the young prince that he might become wise and strong at the same time—that is what they call the peripatetic method of intellectual development.

Why don't you educate yourself in thought as you march up and down from the bed to the bathroom, from the rough towel to the safety razor, and so on through the long, tiresome and usually wasted process of dress?

How many times have you yourself heard men, standing up against a bar, bragging about what they USED to be? Perhaps some were telling about the good jobs they ONCE had; or maybe another one—with the shell of a ONCE fine body—was telling what a great athlete he USED to be, how he ONCE did "the hundred yards in 93.8," but could not now even run for a car with-

out blowing like a grampus. You will also notice that these men usually drink WHISKEY—because, as they put it, it has a stronger "KICK" than other drinks. What better word could define it than KICK? Look around you at the men it has KICKED out of good jobs, good health and good homes into the land of USED TO BE. HAL COFFMAN.

Writes on The Dictograph

The Dictograph He Says, Is the Electric Symbol of the New Age of Which the Newspaper is the Prophet in Which the Perils of Privacy Will be Matched by Powers of Publicity

WRITTEN FOR THE GEORGIAN BY REV. DR. JOHN E. WHITE, Pastor Second Baptist Church

All the real problems of modern times have been solved. The progress of modern times is manifest in the most noticeable way as we make to ancient questions. The Dictograph, for instance, is the new invention of which the most noticeable improvement in the line and quality of human conduct.

The Dictograph is not all a joke. The exaggeration of its possibilities is not a reduction of its value.

The incredible movement toward scientific publicity it brings about is profoundly supported in social intelligence.

The perils of privacy, secrecy and the suppression of facts are realized.

The hair religious conviction that they see, hear and know is at every day and night to justify the increasing passion of humanity to see, hear and know.

The Dictograph is a step in the direction of the new age of publicity. It is a warning to the Dictograph. The application of this little Dictograph to human affairs will arouse all the modern pagan gods.

Home Possibilities. This interesting little instrument is the sign of the New Age, of which publicity is the watchword.

Another Edward Hellamy may now tell us of its development and application to progress in the year A. D. 1880. The addition of a photographic attachment was the next step of invention to increase its effectiveness.

In the highly organized society of the year 1880 the Dictograph had provided Dictographs in every home, hotel room and private office. A central receiving station was arranged for the record of disagreeable family disputes, star-chamber conferences and political conspiracies.

The Dictograph device was employed by Pan-Hellenic ball-rooms, with a special corps of operators between 8 and 8 o'clock in the morning, to obtain faithful pictures of the "fanger" and the "curly top" after midnight clubs and automobiles were equipped.

During sessions of the Georgia Legislature, in the hotels and boarding houses and private dining parlors of the houses of politicians, it was used frequently.

At Washington the little electric Dictograph shadowed every nook and corner. The daily newspapers carried first page news of the Dictograph. The Dictograph Yesterday.

The striking fact Edward Hellamy records was that Dictograph responded to the restraint of the Dictograph and that it shows was an irrefragable basis for the most important improvement in the line and quality of human conduct.

THE OLD ROMANS

By WILLIAM F. KIRK.

THEY strutted into the bar room. Three boys—they were nothing more; They ordered their drinks with grins and winks. While their boots hit hard on the floor. Who one of them gave him drink And seemed half ready to sink, Cried the others, "Aw, one more whisky! That's a good old Roman drink!"

There Is Only One Need in the World==Love

Any Man Can Be Happy With It; No Man Can Be Happy Without It

By Ella Wheeler Wilcox

I KNOW the need of the world. Though it would not have me know. It would hide its sorrow deep. Where only God may go. Yet its secret I cannot keep; It tells it awake or asleep, It tells it to all who will heed, And he who runs may read. The need of the world I know.

Belief of Samuel Adams

By WILLIAM VINCENT BYARS.

It was Samuel Adams, one of the greatest founders of the United States, who said that "truth loves an appeal to the common sense of mankind." It was this thought which made him powerful. It made him the greatest Democratic leader of New England in the eighteenth century. He was born in Boston in 1722, when all New Englanders were royalists. He was born rich. His family made money out of a brewery. He lost money in politics, but when he died in 1803 he had barely enough to pay for his funeral.

He had helped to found the United States. He held office many years, but he was afraid to make money.

This was the only thing he was afraid of. He was afraid that if he did not keep himself as poor as most other people he would lose his common sense.

It meant by common sense the sense people have when they are trying to be fair to each other instead of over reaching and cheating.

If he found a man who could not read, trying not to cheat and over reach others, he thought him a better judge of truth than a prima minister. He believed that God made all men with sense enough to be honest.

At a time when he would have been hated by a Tory prime minister, if caught, he said that truth loves an appeal to the common sense of mankind.

"If you made all men, made the truths necessary for human happiness obvious to all, all of letters that politics may be improved by less cheating and shooting. He thought that finally nearly every man would agree with him; common honesty and common sense would triumph over the best government on earth."

PERTINENT PARAGRAPHS

Malver Wilkison, once known as the War Lord, has celebrated the twenty-fifth birthday anniversary of his reign. Even his early critics must admit he takes a long time to start a fight.

Without denouncing the artistic or moral qualities of "September Morn," there is no question that the young lady has the right idea for these June afternoons.

Lady Constance Stewart-Buchanan declares that corsets are "brutal and stupid." Also that every woman can dance in evening and a million make every fellow walk.

A thundershirt made a four-year boy walk. Getting on the ball game makes every fellow follow walk.

VEURE OF 12 FRANK JURY IS DRAWN

Negro Conley Sticks to Affidavit Story When Again Cross- Examined by Dorsey.

The first official action of the court in preparing for the trial of Lee B. Frank for the murder of Mary Phagan was taken Monday afternoon when Judge L. R. Roon impounded 12 men from whom a jury to hear the case will be chosen.

June 20 was agreed to by Judge Roon for the opening of the case. It was understood that the jury would be drawn by the court and the venire would be called for the trial of Lee B. Frank for the murder of Mary Phagan was taken Monday afternoon when Judge L. R. Roon impounded 12 men from whom a jury to hear the case will be chosen.

An extra set of depositions has been sworn in and submitted to Judge Roon and witnesses are now being served.

No plans for a larger room in which to hold the case have matured, and it is likely that the courtroom of the Superior Court in the Thraswell Building will be used at least through its last and last of comfort.

Mr. Conley, the negro acep, was brought before Judge Roon Monday morning for another cross-examination. The questions were solely along the lines of the negro's affidavit charging Frank with the crime. As the Solicitor later said, he had only retained Conley's name as a witness and had made in his statement. The negro told the same story he told before Judge Roon.

Woman With Dagger Attacks Policeman

Mrs. Mary Bateman, a negro woman, who made an attack on "Call" Officer T. M. Gorman when placed under arrest for disorderly conduct, will be tried in Recorder's Court Tuesday.

The policeman had a narrow escape when he attempted to arrest the woman. She attacked him with a dagger and he was forced to retreat. She was subdued after a lively struggle and only after a physical struggle.

Atlanta Man Tells Neurologists They Alone Keep U. S. Sane

CHICAGO, June 23.—"Were it not for the alienists and neurologists of America, the country would be in a condition of insanity by this time," Dr. J. C. Cushing King, of Atlanta, before the convention of neurologists meeting here under the auspices of the Chicago Medical Society.

"There are more insane people in the United States than any other country in the world," he said.

"Cause of insanity," he said, "is not heredity, but environment. The business man of the world, the man of the world, is the cause of insanity. The business man and the society woman, it is said, are falling victims to modern life. The business man often loses his mind through chasing the almighty dollar, and the society woman, weary of another success and too much attention to dress."

LEGISLATORS ALL HERE, LOBBYING HINTED

Reports That Interests Have Hand in Senate Presidency Fight Are Being Circulated.

Undoubtedly the big and absorbing topic of comment and speculation among the great throng of Georgia legislators returning and politicians in Atlanta to-day is the forthcoming election of a President of the Senate.

Judge John T. Anderson, of the Fourth District, and Senator J. Randolph Anderson, of the First District, both advance truncated claims to election.

Each exhibits that which he considers unqualified pledges of support from more than a sufficient number of Senators to elect.

Senator Anderson gave out an interview Saturday in which he said he had 12 votes stated, stated and delivered. He said that, and reaffirms to-day, that he has the race won beyond a doubt.

Judge Allen, on the contrary, gave out the following interview to-day: "Senator Anderson has not 12 votes pledged—he can not have. I do not say he willfully misstates the situation—he may imagine he has the votes—but he misstates it, nevertheless."

Claims 25 Votes.

"I have 25 votes pledged to me in writing, without any qualifications whatever—straightaway promises. Not one man among these pledged—any individual and not in the form of a bill—will break his word to me. I shall be elected, for I only have four votes. I think I shall get five besides the one I now have pledged."

"About to be remembered, too, that a distinguished South Georgian, Judge Sweet, has four votes, and that another distinguished Georgian, Mr. Tyson, has two or three. Judge Sweet is in the race, and so is Senator Tyson, and I think I shall get five unless he had at least one pledged vote."

"Nothing is one thing and showing down the corn is another thing, and the necessary votes when the roll is called Wednesday."

Danks Aid of Interest.

"As to the rumor that certain corporations and manufacturing interests may be taking a hand in the race for the Senate Presidency, I know nothing more than that no corporation or big manufacturing interest is taking a hand in my race. I can win, and will win, without that. And certainly I would prefer to win."

The impish statements of the rival candidates for the honor of being President of the Senate, and ex-officio Lieutenant Governor of Georgia, have made the impression is that this race is yet to be won, and will be won between this time and the assembling of the Senate Wednesday.

Policitians of all shades of opinion, all over the State, are watching this fight with intense interest.

Legislators All Here.

Legislators are expected to be in the Presidency of the Senate, which carries with it the Lieutenant-Governorship of Georgia.

On the surface of things, the fight seems to be about even between Judge Allen, of the Twentieth, and Senator Anderson, of the First.

Below the surface rumor and gossip are plentiful, and many of them are of a most interesting nature. In certain circumstances, such as the Government, and certainly to be sure a compelling factor in the shaping of legislation.

Therefore, one hears it whispered that...

Crackers and Pels Stopped by Rain; Double Bill Tuesday

NEW ORLEANS, June 23.—A heavy downpour of rain today prevented the playing of the game between the Crackers and Pels at the stadium this afternoon. The teams will probably look up in a double header tomorrow.

Both teams were out practicing all week about ready to start today. Justice Pelt posted in. After active play minutes the umpire and manager decided to call the game off.

Monday and Tuesday were held in quick order. The game more will probably start the opening game in tomorrow afternoon.

Negro Conley Sticks to Affidavit Story When Again Cross-Examined by Dorsy.

The first official action of the court in preparing for the trial of Leo M. Frank for the murder of Mary Phagan was taken Monday afternoon when Judge L. S. Ryan imposed \$12,000 bail on Conley to appear for the hearing on June 25.

At 2:30 p.m. on Monday, Conley was taken to the Superior Court Building.

An extra staff of deputies has been sworn in and subpoenas to jurymen will be issued at least a dozen miles and witnesses are now being served.

Mr. Dorsy said he would call the case this afternoon at 10:30 a.m.

Hot Wave Is in No Danger of Breaking, Says Weather Man

"Continued warm weather, with possibly thunder showers late in the afternoon," was the weather outlook for Monday.

Forecasters C. P. VonHermann said the backbone of the hot spell was in no danger of being broken. "We are due to have considerable more hot weather through June and July," he said. "It is kept up much longer than we had anticipated, and we shall have the old record of sixteen consecutive days with the temperature over 90 may be broken."

Mr. VonHermann said the weather was about the same all over the country. 90 degrees being the average. The thermometer at noon registered 88 degrees and at 1 o'clock 83 degrees. The maximum temperature, which was 92 o'clock, approximated 90, the lowest maximum of last week.

Eighteen Ministers In Baseball Game Feature of Picnic

A baseball game between eighteen Baptist ministers was the feature of the old-time picnic and barbecue held by the Baptist Ministers' Association of Atlanta at the waterworks Monday.

The game was played in the afternoon and followed the weekly morning conference of the ministers. More than 100 "rooters" participated in the picnic viewed the battle on the improved diamond.

Dr. John R. White, of the Second Baptist Church, pitched for one side, while Dr. C. A. Riddle, of the Central Baptist, pitched for the other.

WILSON ASKS CONGRESS FOR BANK CHANGE

President in Person Urges Currency Reform With Government as Active Agent.

WASHINGTON, June 23.—President Wilson today asked Congress to pass legislation to change the national bank currency, and to make the government an active agent in the reform.

The President's message to Congress today was the longest he has ever sent. It was a direct appeal for action on the currency, and it was a direct appeal for action on the currency, and it was a direct appeal for action on the currency.

Woman With Dagger Attacks Policeman

From Mary Bettman, a negro woman, an attempt was made to kill Officer T. M. Gorman when placed under arrest for disorderly conduct. The woman held the same dagger which she used to threaten her husband.

The policeman had a narrow escape when he attempted to arrest the woman. She attacked him with the dagger and he was wounded on the side of his head. She was subdued and placed under arrest only after a lively struggle. The policeman was not hurt.

President's Currency Plan Pleases Otley

WASHINGTON, June 22.—John R. Otley, vice president of the Fourth National Bank of Atlanta, was one of the great crowd in the galleries to hear President Wilson's currency message to Congress Monday.

"I am very enthusiastic over the program urged by the President," Otley said.

"President Wilson showed he was thoroughly familiar with the currency situation," said Mr. Otley. "He said just what I needed to hear, and will win, without that. And certainly I would prefer to win."

As it is in the presence of such a session, it is absolutely imperative that we should have the business men of this country a banking and currency system to meet of which they can be sure of the freedom of enterprise and of individual initiative which we are about to bring upon them.

Must Provide the Tools.
We must have them in form free to use them as they see fit.

There will be some readjustments of power and point of view in the new system. It is to be determined whether it will be a step toward the achievement of the national bank and currency reform which is the purpose of the bill.

It is not enough to strike the money out of business. The creation of a new system is not enough. We must have the tools to use it.

DIGEST OF CURRENCY
REFORM ACT WILSON
WANTS THIS SESSION

WASHINGTON, June 23.—Representative Clegg, chairman of the House Committee on Banking and Currency, has made public a digest of the currency reform bill which he introduced in the House today.

Following is the digest prepared by Representative Clegg:

There will be no treatment of existing national bank circulation, not of the existing 7 per cent United States bonds used in circulation.

Every national bank is authorized to issue currency in the amount of its deposits.

The purpose of the bill is to furnish a complete reform of the currency system of the country so as to obtain three important objects:

First—Provision of a means for insuring the currency against fire.

Second—Provision of a means for insuring the currency against loss.

Third—Provision of machinery for doing foreign banking business.

In order to accomplish these purposes the bill provides for the creation of a new national bank system.

There is a picture of little Mary Tribble, the seven-year-old victim, taken when she was six years old. She was the pet of the neighborhood, and has since then been a very much loved little girl in school.

Continued From Page 1

At the police station today, the doctor was told that the girl was found in the room he jumped to his feet, exclaiming:

"That's her, that's her!" Then the girl, surrounded by weeping parents, was taken to the hospital.

The girl was wearing heavy slippers. Later she said she had seen "very walkers" or tennis shoes, when she was in the play factory, as the girls had said.

The negro identification of the girl's mother, apparently, beyond doubt, the victim of another, a building at the time he had in his affidavit.

PRESIDENT WILSON POINTS OUT NEEDS OF BUSINESS

"We must show that we understand what business needs and at we know how to supply it. No man, however casual and superficial his observation of the conditions now prevailing in the country, can fail to see that one of the chief things business needs now,

and will need increasingly as it gains in scope and vigor in the years immediately ahead of us, is the proper means by which readily to vitalize its credit, corporate and individual, and its originative brains."—From Wilson's address to Congress on Monday.

WIRE OF 72 FOR FRANK JURY IS DRAWN

Dorsey Announces That Trial Will Start Week of June 30--Active Investigation Continues.

Seventy-two men, from which a jury will be selected to try Leo M. Frank for the murder of Mary Phagan, were empaneled Monday afternoon by Judge L. B. Roan, of the Superior Court.

This action was the first by the court to bring the pending prosecution to trial. The names of the men chosen were not made public. They will be summoned immediately to present in court when the Phagan case is opened.

Despite the fact that the prosecution previously had announced its case against Frank complete, the district judge has continued an active investigation.

Conley again examined. Conley was brought before the doctor for another examination Monday morning. Another story break down his affidavit was made by Mr. Dorsey and new questions put to him concerning the Phagan case.

The outcome of the examination was not made known. Collector General Dorsey, after a conference with Judge Roan Monday morning, announced that the Frank case would go to trial June 30. This decision was made after approval by Judge Roan, who stated that no information had been received by him from the defense that would be asked for, and that therefore any move for a delay now would be made in open court when the trial began.

Hot Wave Is in No Danger of Breaking Says Forecaster

Continued warm weather, with possibly thunderstorms late in the afternoon," was the weather outlook for Monday.

Forecaster C. F. VonHeimann said the chances of the hot spell was no danger of being broken. "We are due to have considerable more hot weather through June and July," he said. "If it keeps so much longer the way, the record of sixteen consecutive days with the temperature 80 or more may be broken."

Mr. VonHeimann said the weather was about the same all over the country, 80 degrees being the average. The thermometer at noon registered as degree and at 1 o'clock 83 degrees. The maximum temperature, taken at 3 and 5 o'clock, approximated 85, the lowest maximum of the last week.

Reports That Interests Have Hand in Senate Presidency Fight Are Being Circulated.

The Georgia Legislature for 1913-14, although it does not assemble for organization until 10 o'clock Wednesday morning, already is all but unanimous in Atlanta.

Monday the hotel lobby is swarming with politicians and statesmen. They are endeavoring to get their bearings, and the getting in some directions is extremely difficult.

Somebody seems to know who is to win the Presidency of the Senate, which carries with it the Lieutenant-Governorship of Georgia.

On the surface of things, the fight seems to be about even between Senator Allen, of the Twelfth, and Senator Anderson, of the First. Both men claim enough to elect, but few believe either really has the vote called down.

Below the surface rumor and gossip speak of many things not yet talked about the hotel lobby and open.

JUSTICE AIM IN PHAGAN CASE, SAYS HOOPER

Mrs. Formby's Affidavit Eliminated, Says Attorney Who Will Aid Dorsey.

I have not been employed in the case to prosecute Leo M. Frank, but to help find and convict the murderer of Mary Phagan. If the trial proves we are wrong, we will begin work on another angle. We have not one object and idea. It is that justice and the law be vindicated. We are, however, convinced we have a strong case against the accused.

FRANK A. HOOPER, Attorney.

Railroad President Likes Crop Outlook

NEW YORK, June 22.—Edward Elliott, president of the Northern Pacific, is decidedly optimistic regarding the crop and business outlook. "While here to-day he said: "I do not feel blue. While I believe that this is a time to exercise caution and prudence, I see no cause for alarm. In our part of the country, as usual, everything depends upon the crops. A good harvest will create new wealth, cause a brisk consumption of lumber, a general revival of the mercantile trade. With favorable weather from now on, we should get a good average crop yield, which was exceptional."

Taft to be Orator on Gettysburg Day

OTTUMWA, June 22.—Following the news that President Wilson would not be present at the celebration of the battle anniversary here, a semi-official announcement was made to-day that ex-President Taft would preside at the annual gathering and deliver the principal oration on July 4, the closing day.

Steps have been taken to gather together many as possible of the Ottumwa women who stood in the streets and sang patriotic songs on July 4's eve, 1862, in preparation for the fight of the first day.

Moral Decline Laid to Equal Suffrage

HARTFORD, June 22.—The reason why so many happy marriages are followed by unhappy marriages is because the young ladies are not given too much time to wearing nets and not enough to building careers for themselves. The manager of James Jones & Co., B. T. D., associate professor of ethics in the Catholic University of America, in a discourse at Mount St. Ann's Seminary, an ultra-fabulous school for girls.

"The spirit of woman suffrage is largely responsible for the widening gulf between morals that shows we are declining to paganism."

Brown Frees Convict Who Had Conscience

COMMUTATION of the sentence of W. J. Collier, who is serving a two-year sentence for burglary and car-breaking, was granted by Governor Hovey Saturday morning. The commutation was made for the first time.

Collier was convicted in Richmond County in 1907. He escaped and was unheard of for five years, when he voluntarily surrendered. During his absence he had learned a trade, and he showed letters from his employers to the warden. Governor Hovey said he had conducted himself well.

Living Cost Highest Since Day of 1883

WASHINGTON, June 22.—The necessities of life were higher in 1913 than in any other year since 1883, according to figures on wholesale prices, compiled by the Department of Labor.

The increase in prices in 1913 over 1883 includes: Canned goods, 75 per cent; fresh beef, Chicago, 124; fresh beef, New York, 185; beans, 224; salt, 112; butter, Elgin market, 152; flour, 114; bacon, 161; lard, 152; dressed mutton, 114; eggs, 114; milk, 142; rice, 93, and coffee, 8.

She discovered a bridge on fire and waved the train down with her sunbonnet. The engineer stopped within 100 feet of the flames.

Income Tax Deals Race Suicide Blow

WASHINGTON, June 22.—The Finance Committee is agreed to the general principle that the income tax should provide for an additional exemption for each minor child in the family.

John Sharp Williams has suggested that the amount be fixed at \$100 for each child, but the specific amount is yet to be determined.

Nearly everybody in Atlanta read the Sunday American when it was first published on June 22, 1913.

MILITANTS PUT TOGETH TO LONDON CHURCH

Again Turn to Fire in War for Votes--Laboratory in Scot- land Burned.

Special Cable to The Atlanta Georgian. LONDON, June 22.—Militant suffragettes renewed their destructive campaign against church property to-day, setting fire to St. John's Church in the south end of London. The loss is estimated at \$10,000.

The women chose the early morning when their incendiary efforts would not be interfered with. Part of the interior of the church was soaked with oil and balls of cotton waste, dipped in tar, were scattered about the nave.

Firemen, after a hard fight, extinguished the flames before the building was destroyed.

There also was an outbreak of suffragette incendiarism in Scotland to-day. Militants burned the east wing of the Gatty Marine Laboratory, destroying many valuable drawings and instruments. The damage is \$10,000.

After serving four days of her six months' sentence, Miss Laura Lennon, one of the six militant suffragettes arrested for malicious destruction of property Tuesday, was released from Holloway jail to-day because of illness brought on by a hunger strike.

Miss Lennon had refused to taste a mouthful of food since placed in jail and was the first of the women to break down under the strain. The other five militants and E. A. Clayton, a male adherent, who were sentenced to varying terms at the same time, are still fasting.

Harold Havelock, the fanatic, badly hurt trying to break up the race for the 117,000 cup at Ascot Heath Thursday, suffered a rupture in the Ascot Cottage Hospital. Word from the hospital at 10 o'clock this morning said that he was sinking and would not live until Sunday.

Mother Offers Her Children For Sale

BERLIN, June 22.—For several days past various newspapers of Central Germany have contained an advertisement stating that a mother offered to sell "a beautiful girl of 14, a handsome girl of 8, and a bonny boy aged 1" for \$180 apiece.

The advertisement shows that the woman is a divorcee, who, despairing of making a livelihood for herself or her children, conceived the idea of selling them.

Graft Expose Kills N. Y. Police Captain

NEW YORK, June 22.—Ex-Police Captain Thomas W. Walsh, who was involved in the police graft scandal, died at his home to-day. His health was shattered by the exposure which drove him from the police force.

Walsh, exposed by George A. Rippey, former "Palmer law" hotel keeper, pleaded guilty to bribery and graft. His evidence against four police inspectors, sending them to prison.

Extreme Fashions Shame of Century Says The Rev. Riley

An eminent pianist in the women of Atlanta not to wear the extreme of modern fashion, which he characterized as "the shame of the century," was made by Evangelist W. D. Riley in his sermon to women only at the Baptist Tabernacle Saturday morning.

"The most extreme of modern styles in women's dress is the shame of the century," he said.

Dr. Riley declared that men are not pleased with the brassiness of women in flaunting their suggestive attire on the streets.

"We are not pleading for a return to 'bosom-baring,'" Dr. Riley said, "but insisting upon decency. When Ohio legislators seriously discuss how low the decollete can be before a woman walking the streets is open to arrest, and when the Indianapolis Chief of Police orders the arrest of all appearing in silk attire, it is time for women to understand that men are not so pleased with present fashions as they insist they are not."

General's Widow Is Cleared of Death

BRIDGEPORT, CONN., June 22.—A finding handed down to-day, General J. B. Faxon's widow Mrs. Isabel H. Woodford, of New York, widow of General Faxon, who was fatally injured by being run into by her automobile at Fairhaven on the afternoon of June 1.

Two doctors have worked over Mrs. Woodford almost constantly since she came from school two weeks ago Friday, and told of seeing signs of life in her after she complained of being ill. Her little body was rigid in the impulsive parlance and she has been able to utter but a few words since.

The physicians say that the coloring matter in the cravens is one of the deadly poisons which takes into the human system.

Physicians are powerless. They are powerless to combat it. Only a stroke of life apparently rained her close to the tent of this stricken child.

The doctors fear this bit of life will go out at any moment.
