

WADD ANNOUNCES THE NEW CUSTOMS DISTRICTS

Savannah to Be Georgia Headquarters, Abolishing Office in Atlanta

(By Associated Press.)
WASHINGTON, June 21.—Secretary Madden of the treasury department has just notified all district directors in the south over the reorganization of the customs service and is now busily preparing to effectuate the sweeping customs reorganization of the country over on July 1.

Jacksonville will be the headquarters of the Florida district. While some treasury officials believe Tampa should be the headquarters of the district because it is the largest business center of that port it is far greater than that of Jacksonville. It is further believed that under the plan of reorganization, as set to Congress by former President Taft, it is impossible to combine Jacksonville with the headquarters of the district because of the distance of the port from the headquarters of the district.

While there is some ambiguity in the reorganization of the district, it is understood that the headquarters of the district will be moved to Jacksonville. It is also understood that the headquarters of the district will be moved to Jacksonville. It is also understood that the headquarters of the district will be moved to Jacksonville.

WILSON ADDRESSES CONGRESS, URGING CURRENCY REFORM

(Continued from Page 1.)
The president's address to Congress today was a plea for currency reform. He urged the passage of a bill which would give the Federal Reserve Board the power to issue currency in the amount of \$100,000,000. He also urged the passage of a bill which would give the Federal Reserve Board the power to issue currency in the amount of \$100,000,000.
