

Marion Jackson Blamed For Attitude of Beavers Toward the Police Board

Outside Interference Has
Hampered Commission and
Has Kept Chief in Hot
Water, Asserts Mayor Jas.
G. Woodward.

"EFFICIENCY OF POLICE DESTROYED AS RESULT OF THIS INTERFERENCE"

"Beavers Has Been Warm-
ed Up Into Such a Frame
of Mind That He Does Not
Regard Anyone as Superior
in Authority."

Mayor James O. Woodward Friday further intensified his criticism of Police Chief James L. Beavers by volunteering a statement to the effect that outside interference has destroyed the efficiency of the police force in Atlanta, and is responsible for the indifference on the part of the chief in carrying out the orders of the police board.

Mayor Woodward said that the outside interference he referred to came from Marion Jackson, chairman of the executive committee of the Men and Religion Forward Movement.

"It makes no difference what Beavers might do to injure the department," Mayor Woodward said, "he gets backed up by Marion Jackson and his organization, regardless of what the facts in the case may be."

Mar Jackson Board.
"This outside interference has hampered the board, and it has been the cause of most of Beavers' trouble. It has kept the chief in hot water following such advice as has been handed out to him, and he has been warmed up into such a frame of mind that he does not regard anyone superior to him in authority, and does not feel at all subservient to the police board."

Mayor Woodward made the above statement while discussing the action of the council finance committee in passing up a resolution introduced by Alderman James W. Maddox urging that the salary vouchers of eleven members of the chief's "vice squad" be held up.

Mayor Woodward's remark was aroused over "Men and Religion Bulletin No. 141," under the caption, "To Stop Chief Beavers' Law," in which several references are made to the mayor. One has already been made to the effect that exception reads as follows:

"Respectfully, we again petition the mayor and council to take the hands of the police force. Beavers is the licensee of the law, the club and place where the law is being violated. The possession of the United States revenue license is prima facie evidence of guilt."

Denounces Paragraph.
Mayor Woodward strongly denounced the above paragraph. He declared that council has not taken the hands of the police force, and charged that the hands of the police force, if tied and are tied behind their backs, are in sympathy with the chief.

"During the month months that I was chairman of the police board," said the mayor, "we gave Chief Beavers the license to run his department as he pleased, and he has attempted to dictate to the chief as far as I know, but when the board found room for improvement, the members did not deem it necessary to give the chief for his advice."

"There are no more beer saloons and looker clubs in Atlanta today than there were last year. Some new permits have been issued, and a lot of old permits have been renewed. It can't be said that because council has passed up these permits Chief Beavers has been harassed or that his hands have been tied."

Mayor Woodward said that Chief Beavers called him up at his private office in the Empire building one day last week and asked him to tell him what he should do about the plainclothes squad.

"I told him then and there that there was no need for me to give him any advice in the past, but he has been told to do only such things as he felt pleased to do, regardless of any advice, members of the police board included."

Conversation Distorted.
Mayor Woodward said that his conversation with Chief Beavers over the question of the plainclothes squad was distorted. He explained that he called up the chief to talk about some matter concerning the plainclothes squad.

First Invitation for Converts

Series Meets With Un-
precedented Success.

"REAP WHAT YOU SOW" IS THEME OF SERMON

Seventy-Five New Converts
to Church Obtained—Many
Church Members Pledge
Better Lives.

By J. Walter LeFraw.
At the powerful call for repentance flung out to a vast audience by Dr. Wilbur Chapman Friday night, the hundred people present forward down the sawdust aisles of the revival auditorium and gave their hands to the angelical, pleading themselves to lead new lives.

Coming at the close of one of the most forceful sermons that were prepared, the theme being, "As You Sow, So Shall You Reap," the invitation of Dr. Chapman and the unprecedented response which he received from the people of Atlanta formed a dramatic climax indeed to the first week of the Chapman-Alexander series. Friday's meeting was the last one of the week, Saturday being "rest day" with the revivals and the next meeting being Sunday afternoon at 3 o'clock.

For the entire week Dr. Chapman had been preaching sermons that were preparatory to the great address of Friday night which ended in his mighty call for converts. Through all the week, he had been preaching the theme of "Reap What You Sow," and the harvest of sin and the fruit of righteousness had been sown in the hearts of the audience.

At the close of the sermon, Dr. Chapman called for the converts. He said that he wanted to know how many of the audience were ready to give their hearts to God. He said that he wanted to know how many of the audience were ready to give up their old lives and live new lives.

Dr. Chapman's appeal was met with a response that was unprecedented in the history of the city. He said that he had never before seen such a response to his appeals. He said that he had never before seen such a response to his appeals.

Rome's New City Hall and Auditorium Will Be Erected at Cost of \$500,000

Sketch of handsome municipal building, planned by A. Ten Eyck Brown, an Atlanta architect.

The city council of Rome, Ga., will soon erect a handsome \$500,000 municipal building. The building committee, composed of T. B. Brooch, Philip Mullen, and W. L. Daniel, Thursday selected A. Ten Eyck Brown, well-known architect of Atlanta, to prepare the plans.

The Rome municipal building, according to Mr. Brown, is to be one of the finest of its kind in the state. The building is to be of partly reinforced concrete and partly steel construction, and will be fireproof. The outside walls will be of granite, gray brick and concrete courses, creating a massive stone appearance.

The new municipal building is to combine all the principal departments of the city government. In the basement will be housed the motorized fire department of Rome, Ga., and the police barracks, with cells for prisoners. On the first floor will be the offices of the city officials, the police court, and an auditorium capable of seating 1,000 people, which will be used for large public gatherings and theatricals. This auditorium is to be equipped with a spacious and modern playhouse stage.

The second floor will hold the city council chamber, which will have a gallery that will seat about 700 people. This chamber will be used for small public gatherings. The other part of the second story will comprise a large balcony to the auditorium. The municipal building is to be located at the corner of Broad and Sixth streets, two of the principal streets of Rome. The building will also be on the site of the old city hall, which was destroyed by fire.

Some Danish vessels were unable to sail yesterday owing to the refusal of their crews to move them. This incident was of course today however, and most of the Dutch fleet also reported their schedules under the government's instructions.

Fighting in the west has consisted largely of efforts by the Germans to recover trenches lost during the latter part of the offensive last Tuesday and Wednesday. The Germans claim that their attack was successful.

The German army which drove the Russians out of East Prussia has occupied the Russian town of Tauragren, on the East Prussian frontier, north of the Niemen river, but elsewhere in this region the Germans appear to have been checked by the arrival of Russian reinforcements.

Three days now the official reports in the vicinity of Ploek and Sterpoc, on the right bank of the Vistula, are fighting in the Augustow region.

NO PROGRESS MADE
IN CARPATHIANS.
In the Carpathians neither side has made any progress, although the Russians maintain that they have repulsed numerous Austro-German attacks.

Military men are of the opinion that the Germans did not intend to drive the Russians out of the Carpathians, but rather to use the region as a base for operations against the British and French.

The Russians apparently made an orderly retreat through Bukovina, although they were first reported to have been driven back by the Austro-German forces.

Vienna report received through the German press that a big battle is being fought between Nadworna and Kolomoia.

In addition to the two German, air-logged and her forward base, the vessel was only slightly damaged by the explosion of her forward base.

The Belridge was attacked at an early hour this morning.

London, February 19.—(12:55 a. m.)—A wireless dispatch received here from Berlin admits the loss of the Zeppelin airship L-1 in the same storm that destroyed Zeppelin L-5 on Feb. 14.

London, February 19.—The following official statement was issued tonight:
Two Zeppelins have landed in Jersey during the last three days. The first of these, the L-1, was burned by its crew. The second, after a number of soldiers who were aboard had disembarked, rose and drifted toward the sea, where it is supposed to have been lost.

Claiming Germany Has Violated
International Law by
Methods of Warfare, Sir
Edward Grey Threatens
Reprisals.

London, February 19.—Sir Edward Grey, the foreign secretary, announced today that the British government had decided that the American steamer Wilhelmina's food cargo should be held for a prize court.

This declaration appears to make clear Great Britain's purpose to declare all foodstuffs for Germany contraband as well as to forewarn other neutrals.

The foreign minister, after reviewing the German methods of warfare and denouncing them as violations of all international law, said: "If, therefore, his majesty's government should hereafter feel constrained to declare foodstuffs absolute contraband or to take other measures for interfering with German trade by way of reprisals, they confidently expect that such action will not be challenged on the part of neutral states by appeals to laws and usage of war whose validity rests on their forcing an integral part of that system of international law."

The communication made by the United States government in his note to Sir Edward Grey, of the 15th instant, in which the United States government's position on the subject of the following observations are offered in reply:

At the time when his majesty's government gave directions for the seizure of the cargo of the steamship Wilhelmina, the British government had before them the text of a decree issued by the German federal council on the 25th of January, under article 45, of which all grain and flour imported into Germany after the 21st of January was declared deliverable only to certain organizations.

Information has only now reached them that by the subsequent decree dated the 26th of February the above prohibition was extended to the seizure of the cargo of the Wilhelmina.

The vessel was bound for Hamburg, and the seizure of the cargo was a violation of the laws of neutrality.

Washington, February 19.—President Wilson's cabinet discussed at length today dangers to American vessels and commerce growing out of the reiterated determination of the German government to wage a submarine and mine warfare on enemy vessels, declining responsibility for what may happen to innocent vessels venturing into the new sea war zone.

Canvass of cabinet officers later disclosed that the administration regarded the developments as extremely grave as of grave importance. Cabinet members declined to predict what would be the course of the United States. Some pointed out that the very serious situation in international affairs, much discussion was vested in the president, and that his action necessarily would be guided by the circumstances of each case, if there were attacks on American vessels.

To Stop Crime Obey Law

"Be ye doers of the word and not hearers only, deceiving your own selves."

—James 1:22.

The Philadelphia North American has recently said:

"VICE AND LIKE EVILS EXIST ONLY THROUGH THE TOLERANCE, OR TACIT ASSISTANCE OF THE REPUTABLE ELEMENTS OF SOCIETY."

"SOMETIMES FOR REASONS OF POLITICS, SOMETIMES FOR GREED, SOMETIMES THROUGH THE INFLUENCE OF CLASS CONSCIOUSNESS OR BUSINESS COHESION, THOSE WHOSE LIVES AND INSTINCTS OTHERWISE ARE CLEAN MAKE COMMON CAUSE WITH THOSE WHO ARE UTTERLY DEPRAVED."

Kansas, where the prohibition law is enforced, has county after county in which the jails have no inmates. Crime has decreased.

Before Council tied the hands of her Police Force by licensing saloons and barrooms, where, under the guise of locker clubs, liquor is sold, Atlanta showed a marvelous reduction of crime. Since the appearance of the law-breaking saloons and locker clubs, there has been an almost steady increase in it.

YOU CANNOT STOP CRIME BY HARASSING CHIEF BEAVERS.

No word in his defense is necessary. All Atlanta understands the situation. And men wait for the hour when an attempt will be made to try our Chief of Police for inefficiency BECAUSE HE IS TOO EFFICIENT TO LET THE UNDERWORLD RULE ATLANTA.

To get rid of him, those who believe in tolerating vice must prove by trial that he is inefficient.

HIS RECORD WILL GO DOWN IN HISTORY FOR EFFICIENCY.

With the Mayor, certain members of the Police Committee of Council, certain of the Police Commission, and now members of the Finance Committee, hampering him in his work, he has maintained the morale of Atlanta's Police Force so that our city does not have to hang her head in shame as is the case in so many cities, where the Police Force is concerned.

IN ALL KINDLINESS AND SINCERITY, WE BEG THOSE IN PUBLIC OFFICE TO CEASE "FLY-BLOWING" THE POLICE FORCE.

The last Saturday Evening Post says of the great city of Moscow since the enactment of Russia's prohibition law:

"Crime has decreased 63% and fires 60%."

"January and February of last year saw 1,200 people up each month for trial. . . . There were in September 203, and in October 140."

DR. CHAPMAN HAS RIGHTLY DESCRIBED AS "GATEWAYS TO HELL" THOSE PLACES WHERE YOUNG MEN AND GIRLS CAN BUY WHISKY, WINE AND BEER.

THE LAW FORBIDS THEM IN GEORGIA. YET IN ATLANTA PLACES WHERE LIQUOR IS BEING SOLD ARE LICENSED BY THE MAYOR AND COUNCIL.

VESTRYMEN, STEWARDS, DEACONS, ELDERS AND MEMBERS OF CHURCHES ARE MEMBERS OF ORGANIZATIONS WHERE, DAILY, ALCOHOL IS BEING BOUGHT AND SOLD IN DEFIANCE OF THE LAW.

AND CRIME IS INCREASING.

The blood of the boy shot before the door of the Owls' Club is yet crying out to God against our city.

Respectfully, we again petition the Mayor and Council to untie the hands of the Police Force. Revoke the license of every hotel, club, and place where the law is being violated. The possession of a United States revenue license is prima facie evidence of guilt.

Brothers of the Church of God! We beg you either to stop the sale of liquor in your clubs or to resign.

LET US PUT A STOP TO CRIME.

"Be ye doers of the word and not hearers only, deceiving your own selves."

MANY NEW INDUSTRIES FOR HOUSTON COUNTY

Modern Grist Mill, Electric Power Plant and Ice Factory. Farmers Plant Food Crops.

Perry, Ga., February 19.—(Special.) W. L. Henry, who has purchased the mill property of Miss Mattie Tharpe about four miles north of town, has associated with him J. W. Harrison, of Monticello. They propose to develop the waterpower of the pond and erect an up-to-date flour and grist mill and other manufacturing industries. In connection with the above they propose to generate electric power, and have under consideration a proposition to furnish the power for operating the water and electric plants of the town and adjacent territory in the rural districts contiguous to the town. It is rumored they will erect an ice factory, from which to supply the town and rural districts.

W. Z. Williams, of Macon, has purchased the Hale plantation several miles south of town on the H. & W. R. R. and will convert the farm or 800 acres into a stock farm. He has chased a lot of fine mules and will begin operations immediately toward developing the property.

Pleasant Hog and Hens.

The farmers of our county have taken courage and gone to work with a vim to succeed and have increased work preparatory toward planting their crops. A universal increased acreage in both wheat and oats has been planted, and the grain is looking well. There will be a large increase in the acreage of provision crops, all kinds will be planted. A large acreage of peach trees are being planted, and within the next few weeks there will be planted out 75,000 peach trees within a radius of five miles from the town. Our people are looking for the entry of the Ocala Shale into the country, which will be in the next ninety days. Then the shale will be rapidly pushed to market over the route of the Perry, Macon and Northern, which has surveyed and marked out several years ago.

Little Atlanta Girl To Play Role of Eva At Atlanta Next Week

Following the protests of the Daughters of the Confederacy and other organizations, Walter K. Baldwin abandoned "Uncle Tom's Cabin," in Atlanta at least for his production at the Atlanta theater next week. But the essential features of that play are to be offered in "Old Plantation Days," which is the title given for next week's offering by the Baldwin-Melville Stock company.

No production in recent times has caused so much talk in Atlanta and Mr. Baldwin is stating his reputation that the play will be worth while. Despite this all the characters of Uncle Tom's Cabin are to be in the play.

Among these will be Uncle Tom, played by High Gibson; Mr. St. Clare, played by William A. Sullivan; Mark, the lawyer, played by Stuart Fox; Legree, played by Earl Ryder; Fanny, played by Little Miss Katherine Talley, an Atlanta child; Aunt Ophelia, played by Margarette Chaffee; Topsy, played by Lola May and Ellen, played by Melville.

Walter K. Baldwin is still firm in his assertions that nothing will be shown which will be objectionable to any person of the south and believes the protests to be ill-founded. However, he is equally firm in his statement that when it was thought best to change the title of his play to ready consent.

JAPAN AND HER PEOPLE ARE PRAISED BY AINER

Washington, February 19.—Representative Ainer, Republican of Pennsylvania, paid a tribute to the Japanese people in the capital of Japan. He praised their courage and their devotion to duty, and declared that the Japanese people and the United States had been subject to serious misapprehension. He said that there were no more patriotic people than the Japanese.

Japan's problem, he contended, was not a matter of self-preservation for Japan, but a matter of self-preservation for the United States.
