MEN AND BUSINESS BULLETIN NO. 91

To differ with your fellowman is still more human.

Adam and Eve had their differences

The Disciples of Christ did not always agree.

If they were still living the chances are they would still be differing.

A man if he is a fool will differ with his wife.

Most men are fools.

Some men differ over poker hands, some over religion.

Disputes are never settled betw en the disputants.

Time alone settles all differences.

Marion Jackson and John Eagan differ with Fred Paxon and Forrest Adair

That's natural.

They are all fine fellows and they all think they are right.

They won't convince each other.

They don't expect to.

The chances are they won't convince anybody else.

People argued over the Frank case.

They did not convince each other, they simply argued.

We respect the opinions of the wise, but we still retain our own ideas.

Most people think for themselves.

They won't all think alike. Some think one way and some another.

Some think about one thing an some think about another.

However, there is one thought common to all business men.

"HOW CAN I IMPROVE MY BUSINESS?"

"How can I improve my condition?"

To those who keep seeking and are wise the same answer comes:

"ADVERTISE."

Then again they differ. Not as to what to do, but HOW to do it.

Advertising means showing the people what you have to sell.

If you could show the actual thing you have to sell to everyone there would be no such thing as advertising.

But that is impossible.

Then, you take the next best thing and show them a PICTURE of it

That makes advertising.

Advertising makes business.

There are good pictures and there are bad pictures.

Everybody wants a TRUTHFUL PICTURE.

WE CAN HELP YOU HERE.

We won't try to convince you with our arguments.

The papers are filled with arguments now.

We want to SHOW YOU.

We want to show you some of the halftones that we are making every

We want to show you some of the color process plates that we are turning out.

The catalogs that we are making and illustrating every day will convince you that you do not have to send out of Atlanta for HIGH-GRADE WORK.

You may side with Marion Jackson and you may side with Fred Paxon about the Men and Religion movement.

In either event we want your business.

After this dispute is dead and forgotten you will still be in business, and we expect to be.

We have been here FOURTEEN years, and have built up the BEST ENGRAVING PLANT IN THE SOUTH.

If you need anything in the engraving line we can mighty soon convince you of that.

All we ask is a chance to show you our work and estimate on your next tob. We have the equipment and the men to produce the QUALITY.

It is true that congressmen cannot pledge themselves right and left to every measure of translent popular appeal. Parasin is every manufactual to the present convictions to the consensus of the majority. That is the only way under the sun that any logitalitive program is ever materialized. MEN AND RELIGION BULLETIN No. 91 The Night Is Far Spent"

"The darkness is passing away and the true light already shineth."

---1 John ii:8

"God said-Let there be light: and there was light."

'The light is come into the world and men loved darkness rather than the light."

They crucified Christ But John, who with Mary Magdalene saw the risen Lord-John before he died

"The darkness is passing away—the true light already shineth."
Tomorrow, before the break of day, when the coming sun is only crimsoning the
tern sky with its rays, go forth and cry—
"O night, remain! Dawn not, O day!"

"O night, remain: "One the day has come, cease crying against the sun and know that God ruses.

MEN HAVE PRAYED "THY KINGDOM COME." They have asked wisdom glod. Yea, they have asked it not alone with moving lips, but with beating hearts

Today, man can map the course of star, planet and sun—He knows the exact point in space where Halley's comet goes hurtling on its way—We may not hope to see its flame again. But our children's children will know the minute and the hour, long after we have failen asleep, that the comet's mystic blaze will be seen again sweeping across the borizon of our world.

Man, too, has mapped the course of certain sins

Made in the image of God, man knows with unerring accuracy how the image of in man is marred and defiled by the track of sin.

Men see children blinded—asylums crowded—jails overflowing as the result of vice and alcohol.

They see the innocent suffering and dying because of the sins of men

They know. And then they behold the cross of Christ-They hear Him saying-

"Do unto others as you would have others do unto you." Christ has shown the way to block the path of certain sins—Light—the Light of knowledge. And throughout the world light in His name is ing brought to bear upon the evils that blight and mar the lives of men and the ildren of men.

"You shall know the truth and the truth shall make you free."

For freedom God's children fight.

Atlanta is only a small part of the battlefield.

CHRISTMAS 1912 was the first that beheld every public brothel closed in Atlanta.

They are still closed: none will open them. And many, many cities as a result have driven Protected Vice from their midst. ougrout the world the alliance between police departments and criminals is being

All agreed—Drunkenness on that day is out of place.

resterday, in a distant state, fifty-seven little children were buried: they were ted in a panie; it is said a man with alcohol-laden breath, coming from a saloon, define in a crowded hall. Doubtless, he thought it fun, before he saw the frightful s of his folly.

None desired such a thing Christmas Day in Atlanta.

Men were unwilling on that day of days to have a part in sending drunken men e to innocent women and children.

Thank God for the results!

A local paper says:—"A perceptible decrease in the violence, debauchery and bioodd that once was associated with the holidays."

t mat once was associated with its nonloays.

Mayor Woodward said:—"We should close them on the birthday of our Lord."

In His name we ask that they be closed every day—that our laws be obeyed. Our ty depends upon respect for law.

Guery depends upon respect for law.

Gorgia's Legislature, seeing the monatrous evils of the liquor trade, has forbidden it.

Judges on the bench, jurors in the box, gentlemen in their clubs have no option-the law applies to all.

law applies to all.

The sale of an intoxicant in a club, whether it be purely a social organization or organized simply to cloak the blind tiger, is a violation of the law of our State.

WE APPEAL TO THE MEMBERS of those clubs which are organized purely social purposes and for the city's good—you love Atlanta and your State—you, too, trying to obey God's law of love.

Trying to usery uses a we have.

You have no wish to furnish an excuse or an example to men who are committing to for gain.

We sak that you do it not—that you see that the law in your club is obeyed.

We beg the men who are committing crime for money to desist—

The end is certain.

The end is certain.

You will pay the penalty.

Most respectfully we ask our Mayor—the Police Department—and our representatives in Council—We most respectfully petition the State and County officials to see that the laws of our State are enforced in every place, every day as well as on the birthday of our Lord.

as Christmas.

Men are seeing the FUTILITY OF A RELIGION LIMITED TO CHRISTMAS OR TO FIFTY-TWO SUNDAYS IN THE YEAR—it causes cartoons such as one recently published in a magazine devoted to attacking the Church and building up Socialism—a group of women and working girls are standing before the door of a great church building—one says to another with a sneer:

"That's right, girls—the cross on Sundays, the double cross on week days."

Poison distilled and brewed by the deadly inconsistencies of our lives.

The cross of Christ—its light is driving slowly but surely greed and treachery from midst.

Everywhere they see the signs of the dawning day.
THE NIGHT OF "THE DOUBLE CROSS" IS FAR SPENT.

'The darkness is passing away and the true light already shineth.
