TORONTO, Jan. 8.—A provisional constable, a corporal, and two privates were arrested at Port Erie today on warrants issued at the instance of the attorney general of the province of Ontario, charging them with manslaughter in connection with the death of Walter Smith, and the wounding of Charles Doran, American citizens, at Port Erie on December 23 last. The men were held without bail.

Smith and Doran were shot by Canadian militiamen while hunting ducks on the Canadian side of the Niagara river in alleged violation of the dominion's game laws. The United States sent a formal protest to Great Britain requesting the punishment of those guilty of the shooting.

Mr. Lucas, attorney general of Ontario, who caused the issuance of the warrants, announced his department and preferred the charges on its own initiative, feeling that the matter required full investigation. No instructions had been received, he said, from either the imperial or dominion governments.

"Right, haven't anything to say now, but if this case comes to trial he will have plenty. You might ask the neighbors what they think—they know Mrs. Hight well enough."

"I don't think it will be tried. It wouldn't surprise me to have Mrs. Hight and her family come in tonight. Hight never has told her she couldn't come."

Mr. Hight, who is about forty years old, was left a large fortune by his father, who died some years ago. At that time he was reported to own more land than any other man in Georgia. Since then he has been engaged in the real estate business, until the stroke of paralysis which attacked him last year. The following legal advertisement was Friday ordered inserted in The Journal:

MOVIE PASSES FOR SCHOOL

CHILDREN TURNED DOWN

Board Thinks Strand Man-
ager's Proposal is An "Ad-
vertising Scheme"

The 20,000 children of Atlanta's public schools are going to miss the opportunity of seeing an instructive motion picture because the board of education has refused to let the manager of the Strand theatre use the name of the public school department in an "advertising scheme."

At the reorganization meeting of the board, B. Lee Smith, manager of the Strand theatre on Peachtree street, before the board to ask permission to distribute through the teachers of the schools passes to a performance at his theatre, the passes to be either distributed directly to all children or used by the teachers as a reward for merit for pupils.

Superintendent Gibson was called upon for his views on the question and declared that passes of this kind are a great advertising scheme, and added that he had been assured that pictures to be exhibited at the Strand would be rigidly censored and nothing to which a possible objection could be raised is shown.

OFFER IS REFUSED.
The members of the board started a discussion and for a time it looked as if Mr. Smith's offer would be accepted. Then Commissioner Harvey Hatcher declared that while the children were to be benefited, the offer was an advertising scheme, and he did not consider it proper for the board to endorse any advertising prop-
osition.

That turned the tide and after some more discussion the board voted to thank Mr. Smith, but to refuse the permission asked to distribute the passes through the teachers.

The board re-elected Major R. J. Quinn president, and named the following additional officers for 1915: A. P. Morgan, vice president; L. M. Landrum, secretary; H. W. Davis, of the Lowry National bank, treasurer.

URGENT SCHOOL BUDGET.
The chair cast the deciding ballot against proposition by Alonzo W. Armstrong to transfer \$50,000 in the left over school funds from the ap-
portionment for negro schools to the apportionment of white schools in order that it might be utilized on a pro-
posed new seventh ward school.

The board appointed a committee of the following members to go before the finance committee and urge a larger school budget: Quinn, Green, Key, Chambers.

The committee's appearance before the finance committee will be of special interest because it will ask for a blanket appropriation to be divided and used by the board itself, instead of having amounts set aside for specific pur-
poses as has been customary.

LESS MEAT IF BACK
AND KIDNEYS HURT

Take a glass of Salts to flush
kidneys if bladder
bothers you

Kidney trouble is a common ailment
and, says a well known authority, be-
cause the urine acid in meat excites the
kidneys, they become overworked, and
eventually, clog up and cause all sorts of
distress, particularly rheumatism and
stiffness in the kidney region; rheumatism
twinges, severe headache, acid stom-
ach, constipation, torpid liver, sleep-
lessness, bladder and urinary irritation.
The moment your back hurts or kid-
neys aren't acting right, or if bladder
bothers you, get about four ounces of
Epsom Salts from any good pharmacy
take a tablespoonful in a glass of water
before breakfast. This will flush your
kidneys well then act fast. This
famous salt is made from the acid of
grape and lemon juice, combined with
lithia, and has been used for genera-
tions to flush clogged kidneys and stim-
ulate them to normal activity; also to
neutralize the acids in the urine so it
is no longer irritating. Thus ending bladder
distress.

Bad salts cannot injure any one
makes a delightful effervescent lithia
water drink which millions of men and
women take now and then to keep the
kidneys and urinary organs clean, thus
avoiding serious kidney disease. (Advt.)

WHALING INDUSTRY IS

Business Declines Until Pub-

pend Whalesmen's Weekly

(By Associated Press.)
NEW BEDFORD, Mass., Jan. 8.—De-
cline in the whaling industry has
reached a point where it is no longer
profitable to maintain a periodical de-
voted to its interests, according to the
publisher of the Whalesmen's shipping
list, who today announced this week's
issue would be the last of that weekly
journal. When the paper was estab-
lished in 1841 vessels engaged in the whale
fishery numbered 100,000. Three years later
high water mark in the industry was
reached with 485 ships aggregating
228,250 tons. Today only thirty-two
vessels with a total tonnage of 4,515
are engaged in the search for whales.

AMERICAN DOLLAR NOW

WORTH \$1.05 AT BERNE

Rise in Exchange Due to Buy-
ing of Grain in U. S. for
Switzerland

BERNE, Switzerland, Jan. 8.—(Via
Paris.)—The American dollar is now
worth \$1.05 at Berne. That represents
a remarkable rise since the opening of
the year, when checks on America yielded
only 76 cents. The rise in exchange
value of the dollar is due to the heavy
buying of grain in the United States
for Switzerland.

There has been no mention heretofore
that the Otavi had been converted into
an auxiliary cruiser but it is likely she
was used by the German cruiser Karl-
ruhe as a supply ship.

BOY THIEVES GIVE LOOT TO GIRLS, POLICE CHARGE

Detectives Believe They Have Broken Up Gang of Juvenile Crooks

Following arrests made last Thursday, detectives declared Friday they had succeeded in breaking up a gang of juvenile crooks, who have been marauding in Atlanta and other Georgia cities for weeks and swindling much of their booty on two young girls, their comrades.

Five youths, four of whom have served intervals in the reformatory, are held at police station awaiting trial Friday afternoon on charges of systematic looting, and the girls will testify at that time, according to the police, that they have looted upon them the jewelry and fine leather which they are said to have stolen.

The five boys, all of whom are under 17 years of age, were arrested Thursday night by Detective Kirk and Gorman. They give the names of J. H. Ferguson, aged 15, of 111 Powell street, M. E. Strickland, aged 15, of 128 Walker street, L. P. Alexander, aged 15, of 232 Luckie street, D. L. Daniel, aged 16, of 541 Woodward avenue, and John Knox, aged 15, of 541 West Fifth street.

Strickland, Daniel and Knox have confessed that they belong to a gang which has been thieving in Atlanta and Macon for some months, declare the police; Ferguson and Alexander will not admit the actual thefts, but intimate they helped dispose of the loot, it is alleged.

Kirk and Gorman, who have been on the detective force but two months, obtained a clue to the gang through a pistol which was recovered at a local shop. They did some clever sleuthing and finally rounded up the boys at various addresses Thursday afternoon.

At the same time they recovered three suitcases packed with the clothing and treasures. Two of the suitcases are said to have been stolen in Macon, where it is claimed the boys are wanted. The suitcases contained quantities of silk shirts, stylish suits of clothes, ready-made, a brand-new rifle, pajamas, underwear, and the like. The detectives say there are more stolen goods which are yet to be recovered.

Working on the case, Kirk and Gorman discovered two young girls who

BILLS INCREASING ARMY'S STRENGTH TO BE PRESSED

Senate Military Committee Will Support Secretary Garrison's Recommendations

(By Associated Press.)
WASHINGTON, Jan. 8.—Bills to increase Secretary Garrison's recommendations for increasing the army's strength will be pressed at this session by the Senate military committee.

The bills include those to add approximately 25,000 men and 1,000 of horses to the army and 8,000 men to the coast artillery.

DESTRUCTION OF BRITISH STEAMER IS DESCRIBED

(By Associated Press.)
NEW YORK, Jan. 8.—Details of the sinking of the British steamer *Charesa* off the Chilean coast, by the German auxiliary cruiser *Prinze Eitel Friedrich*, were brought to New York today by A. C. Norris, the *Charesa* captain. He said his ship was overhauled in foggy weather eight miles from the Chilean coast. A boarding party from the cruiser took off the crew, opened the *Charesa's* sea cocks, then the cruiser fired seven explosive shells into the steamer's hull.

They say are involved in the theft. They give the names of Clara Oliver, aged eighteen, and Billy Brown, aged nineteen.

At the police station they were questioned closely by the officers and are said to have confessed that they knew all the boys arrested, and that it was the custom of these young men to lavish rich clothing and jewelry upon them. The detectives discovered many of the gems on the persons of the girls.

The girls will be called as witnesses; the boys are held under blanket charges of suspicion.

GRADY HOSPITAL ASKS \$142,368 FOR 1915

Increase of Only \$4,250 Sought Despite Gain in Number of Patients

The board of trustees of the Grady hospital held a special meeting Thursday afternoon and adopted a budget requesting the finance committee to apportion \$142,368 for the maintenance of the hospital during the year 1915.

Dr. W. B. Sumner, superintendent, declares this is an increase over last year's expense of only \$4,250, despite the fact an increase of more than 30 patients per day over the number previously handled is expected.

"Every year there is an increase in the number of patients, which is large enough itself to fill the average hospital in Atlanta," Dr. Sumner declares.

The board of trustees also voted to ask for \$10,000 for the erection of a nurse's dormitory, and for \$10,000 for the erection of a clinic building.

SHUBERTS COMBINE WITH FORMER FOES

Unite With Klaw & Erlanger to Control Theaters and Plays Outside New York

NEW YORK, Jan. 8.—By an arrangement which has been under consideration by Klaw & Erlanger and the Shuberts for several weeks and was completed yesterday afternoon, the two big theatrical concerns have amicably joined in a financial alliance of one of the theaters and attractions in every city in the United States is concerned except New York.

After next week all theatrical enterprises will be "booked" on the road through the office instead of, as at present, being routed over the country from the office of Klaw & Erlanger and the Shuberts.

Over more than a year there has been a working agreement between the two firms covering the cities of Boston and Chicago, but now all rivalry between the managers is brought to a sudden halt.

One of the first steps to be taken by the consolidated offices will be the abolition of first class theaters many of the showhouses in the country. Many cities which now have a Shubert and a Klaw & Erlanger house will be reduced to a single theater, and the competition, which has been more or less ruthless ever since the theatrical magnates got together and agreed not to fight each other in Boston and Chicago, is at an end.

In New York the Shuberts will retain their own theaters and all their own shows, and the Klaw & Erlanger office of independent theater owners in this city made a pooling of their interests here almost impossible.

Efforts have been made for several years to bring the warring theatrical interests together, and the opening wedge was made when the Boston and Chicago agreements were made two years ago. Since then men prominent in the financial affairs of one of the firms have worked to bring about a complete consolidation.

The poor business in the theaters outside of New York City reached a record mark this year, and it was realized by every one connected with

the business that something would have to be done at once. Lew Shubert and A. L. Erlanger, who have not been entirely friendly for a year or more, were brought together by mutual friends, and the consolidation was finally completed.

The immediate effect on the theatrical business will be the lessening of the demand for so many plays to fill the theaters of the country. This will tend to the production of better plays, the managers say, and not make it necessary to play an odd sort of production in order to get something to keep the playhouses open.

Frank L. Newhall is her attorney.

FINANCE COMMITTEE TO DISCUSS SALARY PROBLEM

Mayor Woodward's Proposal Will Be Taken Up at Meeting This Week

Mayor Woodward's fight to equalize and revise downward the salaries of city employees not working under a regular scale or on a civil service plan will crystallize at a special meeting of the finance committee of council this week.

After a conference with the mayor, chairman A. W. Faringer announced last he would call the committee together either Friday or Saturday to take up the proposition of salaries before it goes in to the regular January appointment sheet.

The mayor directed his fire in urging salary equalizations specifically to the construction department and to the cemetery department. Nym Hurt, chief of construction, has announced that he has abolished three positions in his office, which will decrease the monthly salary roll by \$150, but the cemetery commission is not joining the chief of construction in his effort to meet the mayor's suggestion.

The commission in fact is fighting any increase in the force or the salaries paid employees of the department. In conducting this fight the commission has mailed three thousand letters to members of council and lot owners at Oakwood cemetery setting out the meeting of the cemetery department and detailing the work accomplished at the cemetery under the present regime.

Alderman J. W. Maddox, member of the finance committee from the Fifth ward, is counted among the staunchest supporters of the mayor's plan to revise salaries, and he has been carefully studying the payrolls of the construction department with more specific reference to the construction and repair force than to the engineering and office employees.

Alderman Maddox states that in

THEATERS

This afternoon "Bright and Bold" will open its engagement of four performances at the Atlanta with a special popular price matinee for ladies, with the best seats at 50 cents. This play has caused much talk and is one of the strongest ever written by George Broadhurst. It deals with self-defense which stir men and women alike. It is a play which will cause untold talk and will be given by a company which has been winning grades throughout the south. The play will be here today and Saturday with a matinee each afternoon.

The offering at the Atlanta for Monday, Tuesday and Wednesday, with a Wednesday matinee, is that stirring drama of modern life, "Today," which created such a sensation when given for the engagement. Seats are now on sale for the engagement, which is certain to prove as sensational as the play of the show last fall.

"Without Honor" the prize-winning motion picture comedy that is being shown at the Grand theater, is one of the funniest farces ever shown in a "movie." The New York Morning Telegraph says it is "the funniest and sharpest" ever shown at \$500 for the scenario. There are four reels, full, mirth-provoking comedy, the kind that just makes tears come into your eyes, you laugh so much at the complications that follow the invention of "noiseless" gunpowder. Fred Mace made the all-star company take part in the making of the picture and will be shown again tonight and Saturday matinee and evening.

studying the pay roll of the construction department he finds that the pay of some foremen, doing practically the same work, varies from \$4 to \$22 per day. He declares also that some men on the paving works are drawing \$2 per day while others get only \$1.60. He declares that there is also a discrepancy in the pay of time keepers.

GARIBOLDI IS KILLED

Brother of Grandson of Italian Patriot Tells How Latter Met His Death

(By Associated Press.)
PARIS, Jan. 8.—Constantino Garibaldi, the second of the grandsons of the Italian patriot who died in the fighting in France, was killed during an attack on a series of three German trenches. The story of how he met his death is told by his brother, Captain Riccardo Garibaldi.

After mines had been laid and exploded, according to Captain Garibaldi's story, the regiment of Italian volunteers rushed forward shouting, "Viva Trieste!" They captured the first two trenches without difficulty, but the third trench was a more difficult proposition, being separated from the others by about 100 yards of open ground and commanded by a hill.

Notwithstanding this, the Garibaldians stormed the trench, but the Germans delivered a fierce counter attack and the position of the Italian volunteers became difficult.

Colonel Zappino Garibaldi, the commander, ordered the regiment to fall back and Constantino, who commanded the reserves in the second trench, went forward to aid his comrades. Almost immediately he was struck in the neck by a bullet which severed the carotid and he fell within a few yards of his brother, Riccardo.

THIRTY TONS OF COCOA PURCHASED BY FRANCE

(By Associated Press.)
PITTSBURGH, Pa., Jan. 8.—The French government has placed an order with a local firm for thirty tons of cocoa for the use of its soldiers, according to an announcement made here last night. Representatives of the concern declare the order is the largest ever given by any of the warring nations for a single shipment of chocolate.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will destroy your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—(Adv.)

Dr. Flinn to Address
The Atlanta Graded Union, composed of Sunday school teachers of all denominations, will hold its regular meeting Tuesday afternoon, January 12, at 2:30, in the hall of Wesley Memorial church.

The feature of the meeting will be an address by Dr. Richard Orme Flinn on "The Importance of Prayer." Dr. Flinn's power as a speaker on lines of religious work ensures a very helpful and impressive discussion of this vital theme.

The usual department conferences will be held during the afternoon. An invitation is extended to all teachers to join this body. Its object is to improve methods of teaching in the Sunday schools, to broaden the culture of those who are doing this work, and to devise better ways of meeting the needs of the children of the community.

The Hair Easily Made Beautiful and Attractive

Beautiful hair, thin, curly, lustreous and absolutely free from dandruff is such a gift of nature as a matter of course and proper nourishment. It is like a plant—it will not grow healthy and beautiful unless it has attention and proper nourishment.

Paradee Sage, a daintily perfumed liquid that is easily applied, tones up and invigorates the hair roots and feeds the necessary nourishment to it. It is a no longer necessary for any woman to be humiliated by means of straight, faded, lifeless or unattractive hair—and pretty hair, more than any thing else, helps every woman to retain her charm and youthful appearance.
