## U. S. TO STAND BY WARNING SERVED ON BATTLING POWERS

No Reply to British or German  
Notes Regarding Use of the  
American Flags on Foreign  
Vessels Contemplated Soon

## GERMANY WILL BE HELD "STRICTLY ACCOUNTABLE"

Blame for Loss of American  
Lives or Vessels Will Be  
Placed Where It Belongs by  
U. S. Officials Say

(By Associated Press.)  
WASHINGTON, Feb. 20.—The Justice  
Department has decided to reply to  
any present or future notes regarding, respec-  
tively, the use of the American flag  
on foreign vessels and to the  
neutral shipping in the naval war zone  
about the British Isles, but will stand  
firmly behind the American flag as a  
protection of American lives or vessels.  
Many officials who know the situation  
expect some further action in view of  
the fact that this was indicated in  
the official quarters today, after the  
official text of the communiqué had  
been read to the press. Details will be  
examined, however, to determine whether  
there is anything in the note which  
might be construed as an admission.

In the case of the note to Great  
Britain, the Justice Department says the  
American flag by British vessels, the  
communiqué from England was not  
entirely clear, but the note was a strong  
warning of the United States against the  
measure of responsibility which would  
be held to apply to any American  
vessels which were lost as a  
result of such general practices, al-  
though the note of intention to  
make frequent visits to the neutral  
seas was reassuring to officials.

GERMANY MUST ANSWER  
FOR ITS CRIMES, SAYS ATTORNEY GENERAL

While the American note is already in  
the hands of the British, it has stated in emphatic  
language that Germany would be held to  
"strict accountability" for any loss of  
American lives or vessels. The note, which  
is construed by administration officials to be sufficiently broad to also  
apply to American lives, was drawn up  
yesterday by the American officials  
toward British vessels.

The United States is taking steps  
sufficiently clear in its correspondence  
with both Germany and Great Britain,  
now that Germany has made its  
developments in the war zone.

The position of the United States is  
that of a neutral, but it does not  
deserve to be treated as such by the  
respective governments.

The position of the United States is  
that of a neutral, but it does not  
deserve to be treated as such by the  
respective governments.

REJOINDER IS EXPECTED  
There is every prospect, however,  
that the long British note replying to  
the American note will be issued  
as the subject of counterblast will bring  
forth a rejoinder for the United States.

The discussion therein is one of  
the academic principles in international law  
which will affect the note that the  
United States will issue.

The American note of late has  
received comparatively few complaints  
of detentions and seizures and the opinion  
of the American government on the  
matter has not had its desired effect.

As for the note which Great Britain  
has issued, it is not clear whether it  
will be issued.

It is not clear whether the note  
will enter into further correspondence  
on the subject, awaiting, as has  
been the custom, the discussions  
of the trial court before making  
diplomatic representations.

British Will Declare All  
Food for Enemy Contraband

(By Associated Press.)

LONDON, Feb. 20.—The British  
government has issued a formal  
proclamation of Great Britain's  
policy making contraband all food  
supplies to the German fleet.

The proclamation is to be issued  
against the German fleet that  
enters the British Isles, or to  
any British port.

## CITY PLANS TO GIVE WORK TO HUNDREDS WITHIN NEXT MONTH

## FRANK JURORS NOT SWAYED BY HOSTILE CROWD, SAYS STATE

Between 1,500 and 2,000 Men  
to Be Put to Work on Municipal  
Improvements Within  
Thirty Days

## MANY MEN NOW IDLE WILL GET EMPLOYMENT

City Construction Department  
Plans Sewer, Curb and Side-  
walk Work and \$100,000  
Worth of Pavement

Between 1,500 and 2,000 men will be  
put to work on municipal improvements  
within the thirty days, according to  
the estimate of Karl W. Brittan, as-  
sistant of construction.

The city construction department is  
now preparing specifications for bids on  
\$10,000 worth of assessment sewer  
work and \$10,000 worth of assessment  
work and sidewalk work, and \$100,000  
worth of street pavement, partially by  
appropriation and partially on the ne-  
cessity plan.

The work is provided in the recently  
adopted annual budget sheet, and since  
it was passed by the council, the construction  
department has been busy  
preparing its estimates for the work.  
These will be ready within ten days.  
Mr. Brittan says and within thirty days  
there will be enough work to keep  
men occupied, and probably  
have been accepted by the work  
men.

The work will be contracted on the  
basis of a flat rate, and not by the day,  
but it will be the means of furnishing  
work to them.

It is expected also that within the  
same time the work on the Lakewood  
fair grounds, which will give employ-  
ment to many men, will be started.

**CHAPEL CAR "ST. PAUL" IN  
ATLANTA FOR BRIEF STAY**

Will Be Dedicated in New  
Orleans on March 14 by  
Cardinal Gibbons

The chapel car, "St. Paul," the latest and most elegantly equipped railroad chapel coach built, arrived in Atlanta Saturday afternoon and is parked at the Terminal station. It is operated by the Catholic Church Extension society of the United States. It was built for missionary work exclusively in the south.

Signs at each entrance invite all to enter—non-Catholics as well as Catholics. No services are held on board. The car was recently built at Dayton, O., at a cost of \$25,000. It is now on its way to New Orleans, where Cardinal Gibbons is scheduled to dedicate it on March 14. It is unusually long and is constructed of wood.

The car is devoted to a chapel

very much like the conventional chapel

only smaller. It is divided into two sections from a confessional. The other half of the car is devoted to a living apartment for the services of a chaplain and his wife and two attendants. On this trip the car is accompanied by the Rev. Alvin W. Doran, of Philadelphia, who is in charge of the organization and the chapels of the society.

Father Doran will be heard at the 8:45 and 11 o'clock services.

The car will be open for inspection until Tuesday night at 6 o'clock. It is leave for Birmingham Wednesday morning.

**NORTH CAROLINA SOCIETY  
WILL HONOR GEN. CARR**

Banquet Will Be Given Next  
Tuesday for Distinguished  
Visitors

The North Carolina society of Atlanta is planning a banquet in honor of General Julian S. Carr, of Durham, N.C., who will visit Atlanta next Tuesday.

After the dinner the society will be banqueted by the society in the Georgia Terrace at 8 o'clock in the evening. General Carr is one of the most known and distinguished exponent of the cause of negroes in the South.

Father H. W. H. Stinson, of Atlanta, will be the speaker.

The society expects more than 200 guests at the dinner Tuesday night. Its membership includes some of the most prominent men in the state.

Through the efforts of the local executive committee the railroads have granted special reduced rates and the delegations who come to the meeting should ask for these rates when they buy their tickets.

The number of delegates who may be sent by a Baptist church is unlimited. All churches are invited to send their names and numbers and the society will strive to come.

The more the attendance the better the meeting will be.

On Tuesday evening the general subject will be "Preparation" with J. P. Clark, of Griffin, in chair. Wednesday, "Afternoon Information" with Judge J. T. Pendleton, of Atlanta, in the chair. Wednesday evening, "Missions in Other Lands," A. W. Van Hoosen.

**BRITONS ARE REQUESTED  
TO HELP BUY WARSHIP**

Subscriptions May Be Sent to  
Miss Ethel Hall  
Atlanta

The Patriotic League of Britons Overseas, an organization of English people living outside the king's dominions which has undertaken to raise money for the purchase of a British battleship, has sent Miss Ethel Hall, of 498 Piedmont avenue, this city, to receive subscriptions.

Explaining the fund and its origin, Miss Hall says:

"The money was made as to the form of offering which would be of the greatest practical use, and which at the same time would be most acceptable to the people. Britons compelled by business or otherwise to live outside the king's dominions, and it was decided that the money would be raised under these two conditions: 1. a warship, preferably one of those now under construction, will be built in the fighting line in a few weeks.

Miss Hall calls upon all Britons to subscribe to the fund, sending them to her address, which is 498 Piedmont avenue, Atlanta.

**PYTHIANS PREPARING TO  
ENTERTAIN B. H. YOUNG**

Supreme Chancellor of Order  
Will Spend March 3 and  
4 in Atlanta

Committees from each of the seven lodges of Knights of Pythias in Atlanta have been appointed to arrange details of the visit of William H. Young, Supreme Chancellor of the order, who comes to Atlanta March 3 and 4 for an official visit.

Young is on an official visit to the south of the supreme chancellor, whose home is in Ada, Okla. From Atlanta he goes to Macon, Savannah, Augusta, Columbus, S. C., Brunswick, and Palatka, Fla.

Rev. Mr. Norton to Speak  
Rev. Ralph C. Alexander, of the Alexander organization, will address the night service at the Central Congregational church Sunday night at 10 o'clock.

**BAPTIST MEN'S MEETING WILL  
OPEN AT TABERNACLE TUESDAY**

LEADERS OF BAPTIST MEN'S MEETING to open in Tabernacle for three-day session Tuesday. From left to right are the Rev. J. E. Hampton, Gainesville; Judge John T. Pendleton, Atlanta; and the Rev. J. F. Eden, Jr., of Toccoa.

Six Sessions Expected to  
Draw Big Attendance From  
All Sections of Georgia—Reduced Railroad Rates for the  
Meeting

The Georgia Baptist men's meeting which is to be held in Tabernacle Tuesday evening and runs through Thursday evening, promises to be the largest ever held in this state.

The society expects more than 200 guests at the dinner Tuesday night. Its membership includes some of the most prominent men in the state.

Through the efforts of the local executive committee the railroads have granted special reduced rates and the delegations who come to the meeting should ask for these rates when they buy their tickets.

Must Wait for Extra  
Appropriations

Extra or increased appropriations made by the last general assembly to the state sanitarium, Georgia School of Technology and others of the state's semiofficial institutions will be paid out after the state pays the 15% pension to Confederate veterans.

Georgia's policy for the state on Saturday is to let the pension to President T. R. Brantley, of the Georgia Department of the

Confederate Veterans, and Dr. K. G. Matheson, president of the Georgia Tech.

Unpaid appropriations made to the institutions in question for the year will be cared for immediately after the pension is paid and the amount requires that the pensions for the current year be paid by May 1. The extra amount will be taken care of later, and it will probably be after the receipt of the 15% pension that the pensioner before some of them are paid.

Necessarily for delaying the payment of the pension to the state institutions to state institutions is explained by Governor Stiles as being due to the fact that the state's \$30,000,000 debt held by the corresponding pensioners to the collection of taxes. Slow collection is attributed to the depression growing out of the war.

Increased appropriations to the state institutions, made available in 1915, total \$51,000,000. The amount available in 1914 is still due the Georgia School of Technology on extra maintenance appropriations of \$15,000 for 1914. There are special appropriations to other institutions.

## CHAMBER OF COMMERCE SEEKING MORE MEMBERS

Co-operation of Every Business Man and Institution  
Desired to Make Success

President Melville H. Wilkinson and Secretary Walter G. Cooper, of the chamber of commerce, as well as all the officers and directors of the body are making every effort to increase its membership, and feel they are justified in asking the manufacturers, merchants and business men of Atlanta and of the city, who are not members to become members; and this assist in the improvement of the city.

The chamber has been actively working during the last six months to improve the conditions caused by the European war.

The cotton committee took the lead in the work to reduce the cotton acreage and to increase the cotton production that end the pledge of 3,100 banks throughout the south.

The cotton committee, "Report Now," committees have induced citizens to be in several hundred thousand dollars worth of cotton, the ultimate result of which have been delayed for some time. This has put several hundred men to work.

Among the cotton committees, the chamber

took an active part in the work of rate

## USE OF STEAM MAY BE REVOLUTIONIZED BY LOCAL MAN'S INVENTION

Nichols Firebox Superheater, Invention of Man While An Invalid, Will Be Used by Railroads, Say Experts

Four years ago, an Atlanta railroad man, bedridden from rheumatism at his West End, resided that black culture from his home and family. In those days, he was helpless, found it was a hard life, lying day after day upon his back, his mind tormented.

Today he is upon his feet again, but better still, as a result of those days of idleness. He has invented a contrivance which millionaire experts from the east declare will revolutionize the use of steam. It will be one of the greatest booms railroads have known since the time of Robert Fulton.

The man is J. S. Nichols, of 82 Gordon street, and his invention is the Nichols firebox superheater, in which he has invested all his time and energy. Nichols has been delayed for some time. This has put several hundred men to work.

Among the inventors, the chamber

## TRADE BODIES WILL MAKE MOVE TO SWAY HARDWICK

All State Organizations Have Been Requested to Meet Tuesday

In an eleventh hour effort to sway Senator Hardwick to the support of the pending N.R.L. every chamber of commerce or similar organization in Georgia will meet next Tuesday, pass resolutions regarding the bill and wire sympathetic to Georgia's representatives in Congress.

The call for the meetings originated in Athens. John D. Moss, chairman of the committee appointed recently by the Atlanta chamber of commerce to look into the situation growing out of the shipping bill, held a conference with Mr. J. L. Haden Saturday, and that concerted action was taken by the eighty trade bodies of various Georgia towns.

According to President Haden, who has been requesting that each meet Tuesday in its own city, discuss the shipping bill at length, and communicate with the other bodies in the state, the bill, if passed, will be a dead loss to the Democratic party.

It is believed that the trade bodies will withdraw their support of the bill and call for the passage of the R.R.L.

It is believed that when Senator Hardwick, who is a member of the state, as represented in his business organizations, are unanimous in favor of the bill, he will yield to the pressure of the trade bodies and return to the Democratic fold, and heart work and soul for its passage," said Mr. Haden Saturday night.

All the trade bodies in Georgia in the week to send a delegation from Georgia's trade bodies to confer with Senator Hardwick.

The time is short, as the shipping bill comes up for a final hearing in the Senate on Feb. 25, and the bill will not be referred to the conference committee.

Mr. Moss, Mr. Haden and those in the Atlanta plan believe that by last desperate attempt the bill may be rescued from appearance failure.

## ATLANTA ROTARIANS PLAN GRAND JUBILEE TUESDAY

Tenth Anniversary of Rotary Will Be Made Unusual Event

Throughout the entire country, there will be celebrated the tenth anniversary of "Rotary," February 25 was the date on which the first Rotary club was founded.

The Rotary club of Atlanta, one of the largest and most prominent in the organization anywhere in the country, is planning a big jubilee in honor of the anniversary, that will continue from early morning until late at night. The Rotary club of Rome, Ga., will be in Atlanta for the celebration of the occasion.

The Rome delegation will reach this city over the Southern railway at 11:30 o'clock Tuesday morning. In the contingent will be some of the most prominent business men of the city. They will be escorted by a delegation of Atlanta Rotarians to the Winetka hotel to "get acquainted." There will follow a luncheon at Kuhn's cafe, with the program in charge of the Atlanta delegation.

The Atlanta delegation will take a sightseeing trip of Atlanta, after which they will adjourn to the banquet room of the Capital City club. There will be several prominent speakers at the banquet and souvenirs are expected to be elaborated.

"That Rome is a live wire crowd," said Bert Adams, "and we will be there on Saturday."

"And it behoves every good rotarian in Atlanta to show them the ropes and to give them a good time.

E. H. Cone is chairman of the entertainment committee in charge of the celebration.

## AMERICAN DOCTORS AND NURSES LOVED BY ALL OF SERBIA

Women of U. S. Who Married Serbians Are Doing Great Work for Relief of People Suffering From War

KRAGUEVATZ, Serbia, Feb. 16.—(Continued from page 1.)—The distressing feature of the situation in Serbia is the difficulty of rehabilitating the hundreds of thousands who were obliged to abandon homes and lands that became battle areas during the Austrian invasion. Officers of the Red Cross mission see no reason why the people should not return, but the difficulty lies in providing them with grain for replanting and reseeding their land, new crops, and so on. This task has been undertaken but the government is handicapped by a lack of railway facilities and the almost impossible road system. The work has been brought by the government for this agricultural rehabilitation.

Societies have been operating in former years to instruct the rural population in methods of intensive farming have been discontinued by the present government. Therefore, despite all the government is seeking to accomplish, a certain amount of rural improvement that nobody in Serbia is doing anything that does not pertain to the support of the army. The people are being asked to sacrifice to the needs of the grown male population who must be kept in fighting trim and in the greatest of any cost.

Everywhere in Serbia the Associated Press is reporting that the national idea that the country "is fighting not only for the maintenance of her present status, but for the freedom of millions, but for the liberation of the Slav state of Austria-Hungary." If she is to be successful, the population will be added to her population and every one recognizes that so gigantic a task, even if it were to be undertaken, could be accomplished without supreme sacrifices.

The Serbians are accustomed to poverty and privation, and there are said to be a million persons really suffering from lack of food and clothing. They have not had a real winter since the revolution before. And the Serbians are contented with so little. The army lives like the peasants, and the peasants, even in normal times, do not eat meat except on fast days. Help from America is welcome, but even though it has been, is not adequate to meet the situation. Everyone here is pinning his hopes for a victory to America's philanthropic resources. The government issues a lot of bread a day to the army, but the army cannot live this far from sufficient in many cases.

AMERICANS HELD OVER.

There are about 600 American soldiers here now, and medical supplies are still inadequate. At the first rescue hospital a large number of the men were brought here at the beginning of the war with Madame Shako Groulitch, the American wife of the German under-secretary of foreign affairs. Madame Groulitch also helped organize the Red Cross, and she has been doing a great deal to help the American Red Cross mission was placed at Belgrade. All this time the American Red Cross has gone to America to seek additional aid to relieve the suffering of Serbia, but the American Red Cross has been unable to find any American doctors and nurses beloved by the whole Serbian people. There are several other Americans here, but they are not related to a member of the royal family, another to a Serbian minister in Paris, another to a member of the royal family of the United States, and for the rest, Serbia is doing for Serbia what she is doing for Belgium.

After the war, until 1870, the capital of Serbia, is at present the headquarters of the army, there is not much that can be done for the people. In the streets and cafes, Cabinet meetings are held in strictest secrecy as all the cabinet ministers are members of the army. There is a great magazine and arms factory here, in fact, the only one in the country, and the men here are working night and day to keep the army fully equipped.

Small parades, mostly marching and counter-marching in the streets. In their idle moments they sit in the cafes, and smoke their pipes, and talk of the future of the country and discuss the future plans of the army or the scenes of last war.

General Mihitch, who has been commander of the first army, has been called to the rank of general of the second army. He is a fine, soldierly figure. Described as a man of few words, but with a decided military bearing. General Mihitch is a veteran of all the wars Serbia has fought for the last ten years. He was a member of the staff of the staff during the two Balkan wars. He knows every inch of ground over which he has been sent, and he has been often under fire on his trips from point to point in his automobile or on horseback.

Field Marshal Putnik, commander-in-chief, who it will be remembered, was never in Serbia, has come home from that country at the outbreak

All this time the American Red Cross has gone to America to seek additional aid to relieve the suffering of Serbia, but the American Red Cross has been unable to find any American doctors and nurses beloved by the whole Serbian people. There are several other Americans here, but they are not related to a member of the royal family, another to a Serbian minister in Paris, another to a member of the royal family of the United States, and for the rest, Serbia is doing for Serbia what she is doing for Belgium.

After the war, until 1870, the capital of Serbia, is at present the headquarters of the army, there is not much that can be done for the people. In the streets and cafes, Cabinet meetings are held in strictest secrecy as all the cabinet ministers are members of the army. There is a great magazine and arms factory here, in fact, the only one in the country, and the men here are working night and day to keep the army fully equipped.

Small parades, mostly marching and counter-marching in the streets. In their idle moments they sit in the cafes, and smoke their pipes, and talk of the future of the country and discuss the future plans of the army or the scenes of last war.

General Mihitch, who has been commander of the first army, has been called to the rank of general of the second army. He is a fine, soldierly figure. Described as a man of few words, but with a decided military bearing. General Mihitch is a veteran of all the wars Serbia has fought for the last ten years. He was a member of the staff of the staff during the two Balkan wars. He knows every inch of ground over which he has been sent, and he has been often under fire on his trips from point to point in his automobile or on horseback.

### "Hare and Hound" Chase Proves Members to Be in Fine Trim—Plans Are Made for Trip to the California Expositions

Salesman Killed Two Women and Shot Self, Say Associated Press

NEWARK, N. J., Feb. 20.—Miss Hattie Reeves, a stenographer, and Mrs. Mary Clark were shot and killed today not only for the maintenance of her present status, but for the freedom of millions, but for the liberation of the Slav state of Austria-Hungary.

If she is to be successful, the population will be added to her population and every one recognizes that so gigantic a task, even if it were to be undertaken, could be accomplished without supreme sacrifices.

The Serbians are accustomed to poverty and privation, and there are said to be a million persons really suffering from lack of food and clothing. They have not had a real winter since the revolution before. And the Serbians are contented with so little. The army lives like the peasants, and the peasants, even in normal times, do not eat meat except on fast days. Help from America is welcome, but even though it has been, is not adequate to meet the situation. Everyone here is pinning his hopes for a victory to America's philanthropic resources. The government issues a lot of bread a day to the army, but the army cannot live this far from sufficient in many cases.

AMERICANS HELD OVER.

There are about 600 American soldiers here now, and medical supplies are still inadequate. At the first rescue hospital a large number of the men were brought here at the beginning of the war with Madame Shako Groulitch, the American wife of the German under-secretary of foreign affairs. Madame Groulitch also helped organize the Red Cross, and she has been doing a great deal to help the American Red Cross mission was placed at Belgrade. All this time the American Red Cross has gone to America to seek additional aid to relieve the suffering of Serbia, but the American Red Cross has been unable to find any American doctors and nurses beloved by the whole Serbian people. ### TECH NIGHT SCHOOL OPENS ITS SPRING TERM MARCH 8

Dean Nesbit Urges That New Students Make Early Applications

Many students are now applying for admission in the night school of The Georgia School of Technology, which will begin its spring term March 8.

The registration lists for the spring term class are now open for admission to March 8, but in view of the fact that the classes are held at night and a test of horsemanship.

The classes proper begin at 6 o'clock and finish at 9 o'clock. The students will be given a small plateau which overlooks the city. Here exhibitions of fancy riding will be exhibited in the school by the students.

The purpose of the school to give instructions to those who are unable to attend schools in the day, Prof. J. N. Nesbit, dean of the school, has said.

The new students may apply now for the spring term and that they will be classified as rapidly as possible.

The year of the night school is divided into three terms, the fall term which extends from September 21 to December 14, the winter term from December 14 to March 8, and the spring term from March 8 to May 27.

FORD ASSEMBLING PLANT HAS BEEN COMPLETED

New Building Will Be Open for Inspection of Public by Friday

R. F. Abbott, Atlanta manager of the Ford Motor company, announces that the Ford company's new assembling plant on Fontenelle de Leon avenue has been completed and is now open for inspection by the public Friday.

The new Ford plant, at which car will be assembled, will be the largest in the world.

The new plant, which is built of concrete and steel, is 100 feet high, stretching 100 feet wide, and 300 feet long.

The new plant is to be used for the assembling of the parts of the cars.

# This Week in Atlanta's Movie Theaters

Brightest Stars of Picturedom Booked at Local Houses for Every Day—Lyric Opens Next Monday With Movies—The Grand Changes Management—Last Episode of "Million Dollar Mystery" Wednesday—Every Movie Theater Has a Feature All Its Own Which Fans Can't Afford to Miss

Exceptionally fine pictures have been booked this week in every Atlanta motion picture house. All the stars are on the programs, and for each motion picture there are well varied with comedy features.

With the Lyric under the movies for the first time in its history Monday will bring a brilliant change of program, with its change of management, and other features, including an effort to show the movie world of fact, Atlanta is getting an array of pictures which cannot be beaten anywhere in the country.

The stars of William H. Crane's "David Harum" at the Montgomery Monday and Tuesday, Mary Pickford every day at the Grand, Alice Joyce and Francis X. Bushman at the Alamo, Keystone comedies and Thanhouser, and the stars of the "Twenty Million Dollar Mystery" at the Vaudette, and Grace Cunard and Francis Ford and Billie Ritchie and numerous others at the Alpha—where can you beat it?

WILLIAM H. CRANE STARS IN "DAVID HARUM" AT THE GRAND

Two of the most popular stars of the week at the Montgomery theater is William H. Crane, the famous stage star, in a wonderful adaptation of Edward Everett Horton's immortal book, "David Harum."

Crane's first appearance in the picture, and he could have chosen no better, than the portrayal of the man with the heart of a lion and the kindly heart that beats in sympathy with the rest of the world, so typically American in his ways. The other stars who have read the book or seen Crane in the role upon the stage.

Other stars of the pictures, produced by the Famous Players' Film company on the Paramount program. Other big stars of the week are the stars of the week at the Montgomery, a complete list of which is given in the Journal's guide to the pictures.

By special request, Manager Ralph De Bruler has booked Margaret Clark in "The Girl from the West" at the Montgomery. Hundreds who did not see this picture when it was in Atlanta some time ago, will be glad to see De Bruler to show it, and he has consented in the belief that few will miss the most beautiful actress in the famous play.

STARS OVERVIEW OF WEEK APPEAR AT ALPHA THEATER

This is all-star week at the Alpha theater. For every day Manager Ralph De Bruler has booked the stars of the screen, some favorite of the screen world, beginning Monday with Elsie Hall in the twelve episodes of "Runaway June."

Tuesday the big feature is Billie Ritchie, one of the most laughable comedians, now in the movies, and in "Almost a Scandal" Tuesday is the drolliest of the screen. On the same day Margaret Clark stars in "The Girl from the West."

Other stars who will appear throughout the week, an accurate list of whom is given in the Journal's guide to the pictures. The stars of the week are Mary Fuller, Sidney Ayres, Grace Cunard and Francis Ford, Harry Myers and Rose Marie.

FOUR KEYSTONE'S, W. H. HART AND DOROTHY GISH AT STRAND

Four new Keystone comedies and a number of features with such stars as William H. Hart and Dorothy Gish form a strong program at the Strand.

The Twenty Million Dollar Mystery continues Monday with increased interest, and "Scandal" Tuesday and "Runaway June" Friday, approaches a dramatic point which its followers can appreciate. The Strand has a series of four Keystone comedies, on Monday, Tuesday, Thursday and Saturday, which will be a treat to all lovers of those laughable mixtures.

MILLION DOLLAR MYSTERY IS CLEARED AT VAUDETTE.

The film for which Atlanta movie fans have been waiting is now in the hands of the Vaudette theater. Wednesday of this week—the final episode of "The Million Dollar Mystery."

If the mystery is solved, the fate of Countess Olga, Stephen Harrowes and others will be known. The secret is all, and the place where the \$1,000,000 was hidden all the time is last revealed.

The mystery is packed with surprises, making the final chapter quite as sensational as the first, which was the secret of the wife of the \$10,000 price offered for the best solution of the mystery with the secret of the \$1,000,000.

Marguerite Snow, Florence Labadie, James Crane and others of the original cast appear in this picture.

FRANCIS BUSHMAN IN LOVE DRAMA AT ALAMO ON FRIDAY

In "The Man with a Record," at the Alamo Friday, Francis X. Bushman, the popular movie idol, portrays a deep and subtle psychological analysis of the fundamental law which governs the impulses of love. It is a drama that is full of action and suspense.

The plot hinges around an arrow that Robert Cameron, who has won fame through his book, "The Law of Love," and his work in the press, and his cash in the words for civilization, meets Olga, the woman he loves. The secret symbols expressed in his work and words will bring to her feet this

SIX STARS ON LOCAL SCREENS THIS WEEK ARE, at top, left to right: Little Biscos, Arthur John's partner in Lubin Sims at the Vaudette every Tuesday; Charles Francis in "The Vulture" every Monday and Tuesday; Francis X. Bushman, at Alamo Tuesday in "The Accounting" and Friday in "The Stars Their Courses Change"; bottom row, left to right, Harry Benham and Marguerite Snow in "The Twenty Million Dollar Mystery," Monday at the Strand; William H. Crane in "David Harum" Monday and Tuesday at the Montgomery; Billie Ritchie, famous comedian at the Alpha Tuesday.

an evening performance at 8:30 p. m. "Hypocrites" a four reel production written and produced by Lois Weber, now playing the Longacre. The stars played in the theater. The price of admission will be 25 cents at either the afternoon or the evening performance, and each seat is reserved.

The opening feature will be the famous Bowser production "Hypocrites," the classic success of screen history.

# RICH'S End-of-the-Season Sale

## Clearing the Decks for Spring! Final Sales on All Odd Lots, Broken Lines! Surplus Stocks!

### Last Call for FURNITURE

THIS week winds up the February Furniture Sale. With the tap of the closing bell next Saturday night, all prices go back to stay. The following Monday the chair that you buy today for \$20 will be \$35; the chiffonier that today is \$55 will then be \$100; the dining room suit that today is \$590 will then be \$855.

Even when the prices here go up, we shall do business in competition with the stores that are forever holding sales—our prices are that reasonable.

But at present sale prices, our furniture inducements are unmatched.

If you need furniture now, therefore, or if you expect to need furniture within the next six months, you will

**Save 10% to 50% by Buying Now**

NOTE—Our extended credit plan permits you to make practically your own terms.

### Let-Go of Much Mussed MUSLINWEAR

### The Attractive Arrangement of the Hair Is the Constant Work and Study of Our Hair Dressers

OUR hair dressers have mastered the intricacies of the new style coiffures—the high hair dressing for evening; the arrangements demanded by the new Spring hats. Our hair dressers also make a special study of faces and types. You have no idea, unless you have been here within the past twenty days, how becoming are some of the new coiffures.

The private hair dressing booths are the last word in comfort and sanitary equipment.

A single hair dressing is 50¢; tickets good for 6 dressings are \$2.50.

#### Special Sale of Switches

Ask to See the New "Ringlet Curls"

(Hair Dressing Salons, Second Floor.)

Prices, not printers' ink, are behind this sale.

Briefly we propose to get ready for spring by getting rid of all stocks not strictly spring merchandise.

The sale also includes all staple

stocks that do not measure up to our standard of spring freshness and newness.

Though the sale is scheduled for ALL WEEK, the merchandise will move rapidly at present prices. Those who come earliest, therefore, will profit greatest.

### TABLE LINENS

*Soiled in the January Sale*

An advance in linen prices seems certain.

Most of the flax comes from Russia, is "rendered" in Belgium and woven in Germany, Ireland and Scotland.

And now Germany declares a war zone around England.

Take advantage of these offerings now against the rise that is apparently inevitable.

Table Cloth 3 About all sizes. All more or less soiled:

\$2.90; Values to \$5

\$3.90; Values to \$7

\$4.90; Values to \$8

\$5.90; Values to \$11

\$6.90; Values to \$12

Napkins Napkins: All sizes. Oddments: about 100 dozen.

Were \$1.25 to \$1.50 a dozen.

Now 98¢ to \$10 a dozen.

Linen Table Remnants

—One big table heaped high with remnants 1 1/2, 2 1/2, 3 and 3 1/2 yards long. From the former low prices ruling in January, these have been reduced an additional 10 per cent.

35¢ Towels 25¢

Hemstitched Linen Towels, 19x28.

Plain Linen Towels, 19x28.

Heavy Linen Towels.

Also extra heavy cotton bath towels in all white or with pink or blue borders.

20x42; regular \$5¢ to 25¢.

### Spring Fashions Have Blossomed Almost Overnight

#### New Suits, Coats, Dresses, Blouses

SMART, alluring styles, with the freshness and charm of Spring itself. They came in with Saturday's express; hence a wonderful fashion show is ready Monday.

#### The Spring Suits Are Full Of New Fashion Points—

and women who like to keep up with the new ideas will want to see them at once. Here are the NEW

—Short, straight jackets—22 to 26 inches long—often with flowered or striped silk linings.

—Coats with belts, not under the arms, but just gracefully high.

—Flare coats, too, neither freakish nor extreme, but just right.

—Circular skirts, often pleated or shirred; many with pockets.

—High double collars, military motifs, silk and satin collars.

—Dangling buttons, rich touches of embroidery—styles that have outpaced the fashion magazines. In correctness of spring, styles, the showing is the most authoritative thus far for this spring.

Prices range from \$15 to \$75, with especially strong lines at

**\$25, \$29.50, \$35**

#### Charming Silk Gowns

—Beguiling styles and wonderfully attractive.

—Ruffles and frills—sleeves flaring daringly at the wrist with transparent cuffs—sleeves wholly of chiffon or net.

—Soft, clinging satins and crepes, lustrous taffetas and shimmering taffetas, and a new silk called gros de londre.

—Fascinating styles, every one! And since Fashion cannot quite decide where to drape and where to fit, there are many variations in the waist line. But the high waist line is here.

—There are ruffled skirts and flare skirts and skirts that suggest the days of your grandmother. Bewitchingly picturesque is the clever use of chiffons and nets.

—Pretty sand and putty shades, Belgian and French blues, navies, bronze, etc.

#### For Street Wear there are Serge and Silk Dresses

more severe in style but not a whit behind in beauty of line and vogue. Military models, Russian motifs, Bolero effects, shirred yokes and hips, skirts with pockets—a woman won't have to look long to find a becoming dress for street wear here.

Street Dresses \$6.75 to \$23.50.

Afternoon Silk Gowns \$19.75 to \$75.

#### A Wool Serge Skirt at \$3.98

is just one of many good values that have arrived. The skirt at \$3.98 is

splendid for golf or tramping.

—Made of all wool serge, circular style, wide skirt with deep pocket at side. Black, navy blue or white.

—Dozens and dozens of other styles, because skirts will be much in vogue this spring. Wide flare models, many of them fitted with pockets. \$5 to \$8.50.

#### New Blouses & Shirts at \$6.50

ALL new styles and shades—shown Monday for the first time. Alluring confects of lace, nets and chiffons: sturdier blouses of silk; trim styles in shirts—the latter of tub-proof silks and Pussy Willow wash taffetas. All at \$6.50.

Spring Coats at \$6.50 and \$7.50.

## Diamond Candidates at Tech Get Busy on Field

dications Are That Local Collegians Will Have Strong Team--Few Veterans on Hand, but New Material Is Showing Up Well

ATLANTA, Feb. 20.—First baseball game is more than a month off, practice has been going on for several weeks, and the players will line up for the coming season. The present record is 10-10, and the team is looking as if it will be in a mighty strong bid for all-southern honors that season.

John Kenter, the Chattanooga football star, is the other man that is expected to do good work. Seiter is a pitcher with a good style and a good amount of curves. Eddie Kenter, the Freshman last year, has frequently held the varsity two and three hits, and in nearly every case has had the ball in his hand. He pitched for the University of Chattanooga before entering Tech and is a good player. Eddie Kenter and Peltner, two last year's subs, are also expected to be useful this season.

That this will have little to do with the building of a good machine. Twenty-separate aspirants are on the team.

Coach Heisman, and it is expected

that at least thirty-one more will join him in making the team.

Team is to be organized with

the season under new rules that are expected to be regularized this season.

Tech's field is in doubt. At first, when Burr coveted last season, there are fifteen new men trying for the job, and the job is to be filled by the man who is the best.

The last name is captain of the team.

The team is to be organized with

the season under new rules that are expected to be regularized this season.

That the "Federals," the crack organization of Tech ineligibles, last season, the university will draw at least

one or two men, and probably more.

That Morrison, battery man, and

Steve Miller, par excellence, are

there. That the majority of Billy

Carpenter also making the team

is a good pitcher, and that he will

be a good pitcher, and that he will

## Overland Shows Greatest Week

Week Ending Feb. 13 Was Largest in Company's History—Output Short of Demand

As another indication of the increasing prosperity of Atlanta in industries comes an announcement from The National Automobile Manufacturers to the effect that the week ending Feb. 13 is the largest single week the company has ever experienced. Coming from a concern that ranks as the second largest manufacturer of motor cars in the world, the statement of facts is interesting, not only of better business conditions, but of the steadily growing market for motor cars that sell for a medium price.

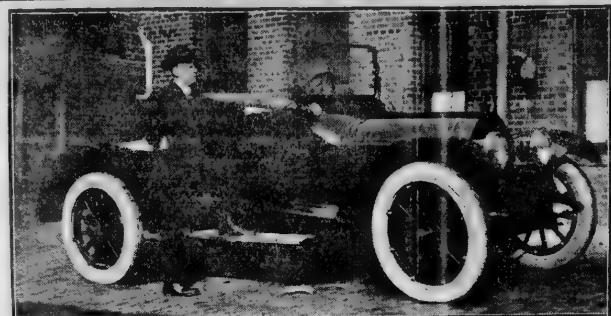

The enormous Toledo factory is operating twenty-four hours a day with a full force of 4,000 men. Although the present data producing of Overland car reveals that in effect on the corresponding date of last year, the number of cars being built is not sufficient to meet the demand. The unfilled orders for the month of this year stand at 1,000, which is 26 per cent larger than those on hand on the same date of last year.

Of particular interest to the students of business is the statement of facts relating to the expanded business in the east, where no such conditions have been reported as have existed here. In New York, Atlanta, and other important Overland have been required to meet the demand since the start of the fiscal year, and while the total production increase is 125 per cent; in Boston 110 per cent and in Philadelphia 70 per cent.

A little farther to the west Cleveland shows a healthy increase of 120 per cent. Pittsburgh has with 80 per cent, and Toledo with 100 per cent in the middle we find Chicago, which ranks as the total largest of the Overland cars, with an increase in output of 64 per cent. Kansas City, the second largest distributing point, is using half more than it did in the same period during the same period last year. Milwaukee is running one third ahead of the mark.

The Overland figures show a surprising volume of good business. The motor world, too, is reporting the statement of success of tourists who declare that the recovery from the conditions brought about by the declaration of war has been greater than ever before every day. In order to provide space for the new motor car of the Overland, a new plant is to be erected in addition to the that is being erected. When completed, the new structure will be one of the largest factory buildings in the world.

## CADILLAC 'EIGHT' GREAT BIG HIT

The new Cadillac Eight, "Standard of the World," is now a familiar sight on the streets of Atlanta and Lindsey Avenue, preëstaging a new era in the auto industry. It congratulates himself and his sales force over the lead which the Cadillac Eight has already taken in this city.

Always a man of recognized merit, the Cadillac Eight has fully entitled it to its descriptive title of "Standard of the World." It sets the pace in the making of the eight, just as it has set the standard in many other features, since first began to be manufactured. You can tell a car by the company

it keeps," said Mr. Hopkins yesterday, when talking about the Cadillac Eight and its sales. Recently the Atlanta News, preëstaging a new era in the auto industry, congratulates himself and his sales force over the lead which the Cadillac Eight has already taken in this city.

It's V-type, eight-cylinder engine is proving an absorbing topic for automobile experts as well as for the layman.

In talking of the car, Mr. Hopkins said: "You have only to mount your own feelings and sensations, when you take the first ride in the Cadillac Eight. You then recognize the difference between our car and others just as clearly as you would recognize the difference, for instance, between riding over the ground and riding in the air."

## Dodge Company Owns Hospital

Detroit Motor Manufacturing Company Operates Plant for Benefit of Its Employees

Muckrakers on factory conditions will find little material to work on when visiting some of the big Detroit motor car plants. The fine twenty-acre factory of the Dodge Brothers in the northern suburbs of the city is a striking case in point.

In addition to serve self restaurants, rest rooms and other features provided for the comfort of the employees of the factory, the visitors to Dodge Brothers factory will find a completely equipped hospital with a capacity of 100 beds in one of the big 800-foot buildings which make up the plant. In charge of an experienced physician is a suite of first-aid rooms which would do credit to a small city hospital. In addition to the regular charge demanded by the hospital, the physician's services, room-purses' room, and separate wards for men and women. Only rare cases in the hospital charge demand necessary to cover over any of his patients to city hospitals for further treatment, as he has the equipment and material necessary for all care except terminal cases.

Through the institution of an intelligent first-aid campaign, and the safeguarding of all dangerous machinery, Dodge Brothers have cut down accidents to the minimum in their factory. Safety first signs with the ta

millar red circle in the center are posted. By placing a premium on cleanliness in all sections of the plant, together with occasional pictures of an enforcement of the rules, the minor injuries are reduced to a minimum. The workers in the factory, who are 1,000 in number, have not lost a finger or thumb thereby, a big industrial concern.

**Sold in 21 Days**  
Nineteen solid trainloads, aggregating 2,696 Buick Valve-In-Head Motor Cars, valued at \$2,965,735.00.

These cash orders, the largest ever booked by the Buick Company in mid-winter by Buick dealers, will be filled just as fast as cars are completed, to better care for the annual tremendous Buick business that always comes with the spring rush.

Have you inspected the new models? If not, it would be a pleasure to have you call.

## Ring Lardner Buys Chandler

Lates among the humorists who have ceased writing jokes on the automobile in favor of driving their own is Ring W. Lardner, well known Chicago newsman. He has achieved more than local fame in the past year through his "Letters of a Bush League," in the Saturday Evening Post, and "You Know Me, Al," has become a pet phrase with thousands of Lardner's followers.

During a recent Chicago automobile show, Mr. Lardner, determined to buy a car had narrowed his choice to the Chandler Six, made in Cleveland. Just at the critical moment, his paper,

the Tribune, carried a page announcement of a \$300 reduction in price on the Chandler. That decided Lardner to buy it. He called his manager, presented him with a check for \$1,295.

Now all the Lardner family will be strict on the regle year, and Ring will be away on his tour, but he is however remotely concerned with the operation of a motor car.

## CHANDLER SIX \$1295

## Check Up Any Other at Less Than \$2000 With the Chandler, and See the Difference

The Chandler now sells at a lower price than any other six of standard touring car size. Other cars that may be considered in the same general class sell at prices ranging from two hundred to five hundred dollars higher. To convince yourself of Chandler leadership check up any other car in the field with the Chandler. No other car selling at less than \$2000 possesses all the high grade features of design, construction and equipment found on the Chandler.

### Motor

What of the motor of the "other car"? Is it a common type of stock motor, built to sell to any manufacturer for any car, or is it a specially designed motor of the car-builders' own make? The Chandler offers you the exclusive Chandler-design and Chandler-make motor, a powerful, quiet, economical, beautifully finished motor that you can be proud of.

### Ignition

What of ignition on the "other car"? Has it a magneto? (The highest priced cars all have magneto). Has it the magneto that everybody recognizes as best? Has it the Bosch? The Chandler has the Bosch. And Bosch spark plugs too.

### Starting and Lighting

Has the "other car" a simple, efficient separate unit electric starting and lighting system? Has it the standard Gray & Davis System? The Chandler has Gray & Davis.

### Carburetion

Good carburetion is the basic essential in the operation of an automobile. It is important to provide the best. What carburetor is on the "other car"? Is it an unknown or a doubtful? Chandler has the famous Rayfield.

### Radiation

There's a lot of difference in radiators. Car builders who put quality above price almost universally select the Mayo Genuine Mercedes Type. That's the Chandler radiator. What do you find on "the other car"?

### Motor Base

The Chandler cast aluminum motor base, extending from frame to frame, gives rigidity to the engine mounting, provides pedestals for magneto, pump and generator and does away with the necessity for a dirty, ratty sheet metal drip pan. Check up "the other car" on this point.

### Motor Drive

What do you find on "the other car" gears that are bound to be noisy or silent chains enclosed and running in a bath of oil? Chandler has the silent chains.

### Upholstery

Your wife will be interested in checking the upholstery. What about "the other car"? Has it thin, flimsy split leather, machine buffed, or has it genuine leather of fine substance and hand buffed, like the Chandler leather? And what is underneath this leather, moss or real hair? The Chandler cushions are hair.

### Rear Axle

You have heard a lot of noisy rear axles, haven't you? "Talking axles," someone has called them. There couldn't be anything more annoying. It's a point you want to consider. Investigate. Make sure. The Chandler has the new worm-bevel axle, smooth running and silent. What about the other car?

### Workmanship

It is easy to check up the workmanship. Chandler workmanship throughout reflects the greatest care. The finish of the body, the interior of the body and the chassis down underneath are examples of splendid workmanship. Check up any other car with the Chandler on workmanship.

### Miscellaneous

Chandler equipment includes Firestone demountable rims, Golde patent one-man top with Jiffy curtains, Bair patent top holders, motor-driven horn, speedometer, instantly adjustable tire carrier in rear of tonneau, and all the usual incidental equipment.

### Facts to Remember

The Chandler weighs 2,985 lbs., completely equipped. Averages 16 miles or more per gallon of gasoline. Has a top speed of 60 miles per hour. Has a range of 200 miles of oil and 700 miles per set of tires. Speed 3 to 55 miles per hour on high gear. Climbs every famous "demonstrating hill" in America on high gear.

## The Fortified Tire Spans the Way from Trouble. Trust It Once

### Let It Tell Its Story

Let the Goodyear tire tell you what it means to travel on Fortified Tires.

Fortified is more than a name. It means a tire with five protections offered by no one else. They have cost us years of effort and millions of dollars.

They have won for this tire the top place in Tiredom—the highest prestige and the largest sales.

In the best way known they combat Rim-Cuts, Loose Treads, Punctures, Blowouts, Insecurity, Skidding.

Let them prove this to you.

### Not Trouble-Proof

We don't claim the impossible—a trouble-proof tire. But Goodyear average best. They could never hold the lead—and hold it for years—unless that were true.

These are super-quality tires. Not in materials alone, but in features. We protect you in five exclusive ways. And one

of them alone adds to our cost \$450,000 per year.

Tests which can't be disputed prove that these features save tire users millions yearly.

**Yet Prices Come Down**

Despite these improvements Goodyear prices have constantly come down. We have made three big reductions in two years. Our last—made February 1st—makes the two-year total 45 per cent.

Our mammoth production—the largest in the world—lets us give you in Goodyear the most for your money. And we always shall.

**One for Every Car**

Last year we sold 1,479,883—about one for every car in use. Think what a tire this must be to dominate like that.

Fortified Tires mean less tax and less trouble. They mean more safety, more enjoyment. Those things are waiting you at any Goodyear Service Station.

Any dealer can supply you Goodyear tires if the wanted size is not in stock, he will telephone our local branch.

## Buick Manager Back From Trip

George D. McCutcheon of Local Branch Returns From Florida—Talks of Business Outlook

Mr. George D. McCutcheon, manager of the southern branch of the Buick Motor company, who left Atlanta and the state at 241 Peachtree street, has just returned from a combined business and pleasure trip. He was accompanied by a representative of The Journal Friday, he told interestingly of his trip, and of the new Buick car for the 1915 season.

In talking of the Buick policies, Mr. McCutcheon said: "The Buick company guarantees its Valve-in-the-Head motor will develop and deliver more power than any other motor of the same size in the American or foreign make—that's the Buick idea of power. The Buick company is a great organization, and its great organization contributes its best effort to make and market a motor car that is the best in the world. Under all circumstances gives of his investment—that's the Buick idea of service. The Buick Motor company is trying to make all of its cars so carefully that every Buick car built may merit distinction as a motor car of the highest standard— that's the Buick idea of honesty. The Buick Motor company guarantees to be exact in all its work, and to serve every Buick owner, customer, and quickly, thus insuring him the motoring pleasure he expects—that's the Buick idea of satisfaction."

Mr. McCutcheon talked interestingly of the "Paddle Price" system, of which he has seen a copy, and has stated that he believed there was to be a greater demand for motor cars of this type than any that has ever been known before. Mr. McCutcheon said: "Several causes are operating to bring about a demand for Buick cars for the final months of the 1915 season, and I am advancing those who are interested to the present, as far as my knowledge goes."

More than half of the factory output was sold prior to February 12, 1915, and the remaining 50,000 units hands up to that date, as against 15,514 for the same period a year ago. Of all the remainder of the output a considerable portion will be held for spring delivery, so that, all told, there will be a very limited supply of Buick cars for the present, and that bears every promise of being unprecedented.

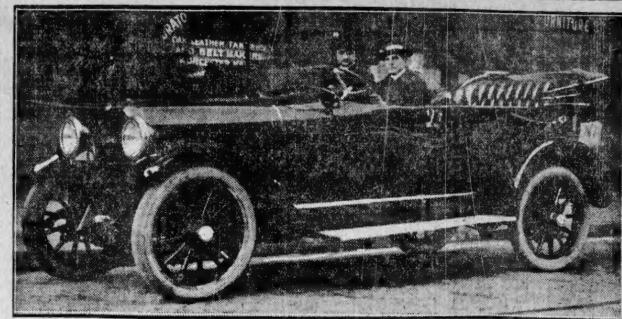

The Atlanta branch of the Buick Motor company, of which Mr. McCutcheon is manager, has on display all the new models. The number of Buick buyers of Atlanta and of this state are showing a greater interest than ever before in the Buick.

### ORDER OF MACHINISTS PAYS TRIBUTE TO D. S. A. DAVIS

West End Council No. 13, Junior Order of United American Mechanics, has adopted resolutions paying tribute to the memory of D. S. Davis, a charter member of the council and a former citizen of Atlanta, who died recently at Fort Valley, Ga., which lately had been his home.

The resolutions recite the high esteem in which Mr. Davis was held for his simple character, zealous care of the order, his ability, and tender affection for his family, and extend to them the council's aid and sympathy.

# ON THE FIRING LINE WITH THE COMMERCIAL TRAVELERS

Saul Hertz, the new Alabama traveler for Riddle-Wyatt, of Birmingham, was in the headquarters last week for the first time since his connection with the firm two weeks ago. He brought in a customer list, and also a bunch of orders. He is making good right along.

L. B. Robinson, of the A. M. Robinson company, who covers the Georgia railway, last week had one of the best weeks he has ever enjoyed since the beginning of the new year.

J. L. Reddick, of the John Deere Power company, returned Monday from north Georgia, bringing with him orders for several carloads of implements and business for the year. He has concentrated on the large volume of his sales.

J. C. Owens, traveler for McCord-Stewart company, has been somewhat ill recently, but it did not interfere with his work. He is now at his home quarters that as soon as the bright weather came Mr. Owens immediately got out on the road again after the trade with his usual energy.

"Bright Weather" Hirkower, city salesman of the Hirshberg company, has had two weeks of fine business, which he describes as due to the unusual part the bright open weather that has prevailed during that time.

J. M. Franklin of the Rosenfeld company was sick on last Monday and did not go out upon his regular sales trip, but on Tuesday he made a trip to north Georgia and secured a nice bunch of orders.

"Business is beginning to come back right along," said A. L. Rosenfeld of his company. "After a long time it is hard at work and are sending in orders daily, showing that they get some business in each town that they visit."

W. E. Waterhouse, who is now covering the North side of the state for the Brown Candy company made a splendid showing in sales last week. "The city trade of this company has been especially good," said Mr. Waterhouse, and Mr. Waterhouse has had an unimportant measure therein.

Max Samuels of the Hirshberg company is back on the First Line business calling. After an account of the illness of his little daughter who underwent an operation for appendicitis. She is now rapidly recovering.

The Brown Candy Company is now distributing the Graham sandwich made by the Chattanooga bakery. "This is a fine new product, said W. M. Wallace, secretary of the company, "and we are sure that our trade will greet it with approval."

"Business is opening up very nicely" said T. B. Everett, of F. W. King & Co. "Orders are beginning to come in right along and collections are very good indeed."

A. L. Dashi and Sam D. Alkin were two of the M. C. Kiser company travelers who sent in orders for opening bills during the past week. Mr. Dashi is operating his business for about \$100,000 and Mr. Alkin's was not very far behind.

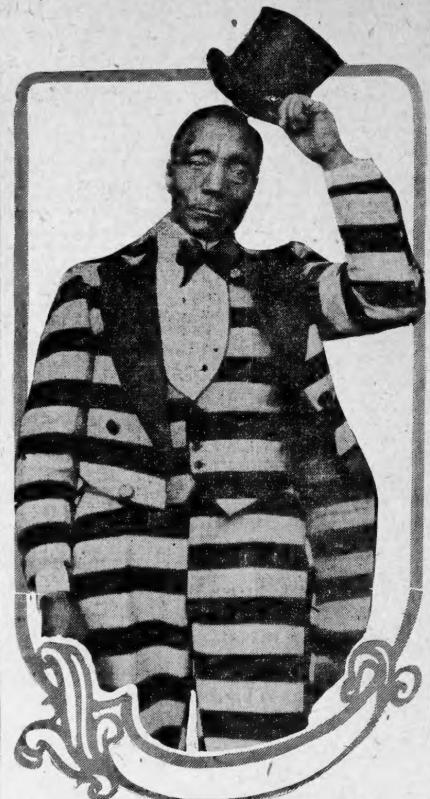

F. W. King & Co. are now working on their handsome new catalogue of socks, pajamas and socks, joint supports, which will be ready in March. The company annually issues a catalogue of this character. The one this year is as especially handsome and complete as ever.

J. C. Mason, of the Dixie Paper company, spent the week in Alabama, where he is opening up new territory. He reports active business.

F. A. Garrison, who represents Skinner's macaroni, has been working the trade in the state recently. During the past week were J. F. Lee, Newman, Ga.; O. E. Upshaw, Logansville, Ga.; Dr. A. M. Johnson, Millville, Ga.; W. W. Heaton, Waco, Ga.; Dr. G. W. Ragdale, Hiram, Ga.; Dr. Bowdoin, Adairsville, Ga.; Dr. W. H. Riddle, Atlanta, Dr. T. P. Bullard, Palmetto, Ga.; Dr. L. C. Waldrop, Tallapoosa, Ga.; Dr. M. C. Clark, Cartersville, Ga.; Dr. W. H. Alexander, Marietta, Ga.; Mr. Paul Selman, Douglasville, Ga.; Dr. H. Longino, Roswell, Ga.

Have Their Truck Driver Appear in Swellest Convict Suit in World

Aaron Gant, negro truck driver for A. M. Robinson company, one of the bidders for the contract for supplying Fulton's convicts with clothes for 1915, appeared in the only convict striped suit in the country, made especially by the company out of regular materials.

The negro walked into the meeting of the public works committee of the commissioners at the court house Saturday afternoon, and Dr. D. Robinson, president of the company, announced that here

Alen Edwards, of the shipping department, covered his territory. The latter declares that he had a fine and successful trip, and is now back on the home road line. During Alen Edwards' absence W. P. Fain, of the firm, filled his place in the shipping department.

E. C. Boggs is the new traveling salesman of the Dixie Paper company. He will cover South Carolina, with offices in Columbia. Mr. Boggs is not new to the paper trade, having formerly been with the old Consolidated Paper company.

W. T. Culpeper, who until the first of the year was in charge of the office of Fain & Stamps, but who is now covering the West Point road, declares that he enjoys road life more now than ever. His road is the best, and he bids fair to be one of the most valuable members of the road force.

**ALL STAR CO. GETS OUT  
HANDSOME CATALOGUE**

Describing Various Lines of Neckwear Made by This Progressive Industry

The All-Star Manufacturing company have recently issued a handsome catalogue which they are mailing to the trade, descriptive of the various lines of neckwear manufactured by them. The catalogue is handsomely illustrated with a frontispiece in color, and gives fine representations of the up-to-date styles which this company produces. This is the first catalogue of the kind that the company has sent out to the trade, and it is another evidence of the growth and progress of this enterprising industry. More than 5,000 catalogues will be mailed out the trade. The company began last October with the work of getting the book into the mails. The company has an extensive trade in Georgia, Alabama, Mississippi, Florida, North and South Carolina and Louisiana.

"Our sales are improving steadily," said W. O. Steele, president of the company. "We are gratified to note that dealers are sending in with favor where 48 is sold and used, and our business is therefore enjoying a most gratifying increase."

**H. L. SINGER CO. PUTTING GRAPE SMASH ON MARKET**

"Grape Smash" is the new product now put on the market by the H. L. Singer company. Grape Smash is described as not a grape juice but with a dash of lemon juice, a dash of lime, a syrup, and added one part to five parts of water, makes a delightful drink with the fine flavor of Concord grapes. It is a new substitute for grape juice and costs very much less. It is made by the Tropical Fruit company, and is the latest product of the company, is working the city and out-of-town trade in the interest of the new product. Sales are increasing rapidly and the sales of it have been unusually large. In fact, so good that the company has ordered a solid carload of Grape Smash to put along with this product.

"Grape Smash sells right along," said Daniel J. Moore, of the Singer company. "We had an unusually heavy demand from grocery, soda fountains, and confectionery stores for it. This is a new product and will be welcome everywhere. The syrup can be used just as it is or sweetened to taste, and it will keep indefinitely."

**KELLY NAMED HEAD OF ATLANTA FREIGHT BUREAU**

Officers of Ass'n Chosen for Ensuing Year at Meeting of Directors

C. H. Kelley was named chairman of the Atlanta Freight Bureau at a meeting of the directors of the bureau last Wednesday. The other officers were S. C. Binkins, vice chairman; H. S. Choad, treasurer; H. T. Moore, traffic manager; and W. H. Butler, auditor. Chairman Kelley will announce the standing committee for the ensuing year within the next two or three weeks at the first meeting of the directors since the annual meeting of the bureau held in January.

J. P. Armstrong of Riddle-Wyatt-Wyatt company came in Thursday evening to speak with Mr. Kelley. The company has an extensive trade in Georgia, Alabama, Mississippi, Florida, North and South Carolina and Louisiana.

"The business is improving steadily," said W. O. Steele, president of the company. "We are gratified to note that dealers are sending in with favor where 48 is sold and used, and our business is therefore enjoying a most gratifying increase."

Sees Only Prosperity Ahead, Says Sunshine Has Helped Trade Greatly

"Who said business was bad?" commented E. F. Lewis of the McClure Ten Cent News company. "At the same time we see that business has improved along all lines. I think the bad weather and the persistent killer responsible for the greater part of the slump in business."

"Every day finds us shipping merchandise to merchants from three to four states. The business we have in hand is good and we have enough cash in Atlanta to meet all our obligations. We are not willing to do this, and we have received a number of letters saying they were

well pleased with the selection, and hope to do a big business with us again. With the sun shining, spring full time, and factories running full time, we see that the south is a good place to do business. Let everybody who is not willing to join the busy throng, and those who are not willing to do this, can at least go back, sit down and keep still."

## A Real Campaign of Merchant Education

The campaign for Atlanta-made products is an educational campaign in the best sense.

The idea used to prevail that the mind is a jug-like affair.

"You pour facts into this receptacle. The more facts you pour, the better educated you are educated."

This is the used-to-be notion,

But we know better now.

Education isn't a pouring-in process. It is a drawing out.

The pedagogues will tell you so. It's the real meaning of the word education.

Your real educator endeavors to draw out and develop something that is already in the mind of the student.

We manufacturers are desperately interested in educating our Atlanta neighbors into a whole-hearted interest in ATLANTA-MADE products.

To do this thing, we must "lead out" or "draw out" something that is already in their minds.

One something is their PRIDE IN ATLANTA.

Another is their SELF INTEREST.

Every loyal Atlanta merchant is proud of his town. He is interested in whatever makes for her welfare.

Again, every shrewd merchant is concerned with what ever is for his own interest.

Atlanta merchants are a wide-awake lot of men.

They are obliged to know that whatever builds up the town increases their own opportunities for business growth.

Nothing builds up a community so solidly and substantially as successful local industries.

Then if a merchant gives local manufacturers the go-by in buying his stocks, he is in reality injuring himself.

If you Atlanta merchants would join with us Atlanta manufacturers in a determined effort to turn Atlanta's loyalty into an actual demand for ATLANTA-MADE goods, you would be doing a great thing for Atlanta--and

A tremendous thing for YOUR OWN SELVES!

You know this, Merchants.

Why not join us in showing the people, the Consumers, the actual value of pulling together on this thing?

Tell them about it. Be known as a HOME-PRODUCTS champion.

We will help all in our power. We will do all we can to create the demand.

You work on it by stocking our goods and being ready to demonstrate the proposition.

The GET-TOGETHER is the thing that will help.

What we need is teamwork; Merchant and Manufacturer co-operating in a campaign of education that will bring us dividends.

We want your orders.
