

CITIZENS TO BE ASKED TO REPORT ON POLICE

Probe Begins Tuesday Night
and Complaints May Be
Filed Then

Chairman S. A. Wardlaw, of the special committee appointed Saturday night by the police commission to make an investigation of the efficiency of the department, announced Monday that his committee will organize Tuesday night after the regular board meeting and will begin its work during the week.

"While I have not had no opportunity to consult with the other members of the committee," said chairman Wardlaw, "in my own opinion the investigation can best be started by inviting all citizens who have complaints against the department, or criticism of it, to appear before the committee."

"We may then be given specific points on which we can work."

This statement seemed to indicate at little upon which to base an investigation had been brought out by the police commission on Saturday night, and Mr. Wardlaw was asked if anything actually wrong had been done with the department.

Chairman Wardlaw declined not to discuss specific things about the meeting, he answered, "but I can say that Saturday's session was more of a conference than anything else."

**PEACH CROP AS GOOD
AS THAT OF LAST YEAR**

Fruit Exchange Answers Report That March Freeze Killed Half

Answering the reports circulated immediately after the last cold snap in March, to the effect that half of the Georgia peach crop had been killed, the Georgia Fruit exchange has wired the department of agriculture at Washington, that the reports had been greatly exaggerated.

From most points of Georgia, from which accurate reports were had, the exchange states, weather conditions are now ideal and the crop is unharmed. A few places, Byron, Port Valley and Marshallville, Ga., and Peachburg, Ala., report that the crop is half killed.

The exchange asserted the department of agriculture that the number of acres of agriculture that the number of acres of peaches this year would easily equal the number of last year.

TWO PASTORS PRAISE FAIRNESS OF BASEBALL

White Calls It Great Game;
Line Says It's Like
Life

Baseball was strikingly used as the subject of two sermons Sunday morning—one by Dr. J. L. White, pastor of the Baptist tabernacle, the other by Dr. M. A. Line, pastor of the Universalist church. Both pastors told their congregations that fairness and a square deal were great requirements both of the game of baseball and the game of life.

"Baseball is the great American game," said Dr. White. "It is to America as the Olympic games were to Greece. It quiets the brain and nerves of overworked, over-taxed, over-wrought humanity; it saves men from the inner slaying and the suicide's grave."

Dr. White spoke against any gambling in connection with baseball, and against Sunday baseball.

Dr. Line said the game of life, like a game of ball, was played for victory, and that victory could only be achieved by character building and by cleaving to all that was honest and square.

EMPIRE LIFE CASE IS BEFORE JUDGE ELLIS

Would Determine Jurisdiction
of Fulton and Richmond
County Courts

For the purpose of determining, if possible, the present jurisdiction of the Fulton and Richmond superior courts in the Empire Life Insurance company litigation, begun months ago by a petition of J. H. Brown and others for a receiver, Judge W. D. Ellis began at noon Monday a general hearing of the case involved.

William A. Wright, insurance commissioner of Georgia, is temporary receiver of the company under a Fulton county superior court order. Cassell James W. English is temporary receiver of the company's building and grounds in Augusta under a Fulton county order, but under an injunction from the Richmond superior court, is restrained from taking charge of the Augusta property.

The Watney company, of New York, contractors, who filed an intervention asking for a lien on the Augusta property and a receiver for the property, also asked for a receiver in the Richmond superior court.

Augusta stockholders have filed a petition asking for a receiver in the Richmond superior court, but are still endeavoring to have a receiver in Fulton county.

The above tangle is what Judge Ellis began trying to straighten out Monday. The hearing will take several days, it is expected.

**WHOLE FAMILY
TORTURED BY
ITCHING RASH**

KANSAS CITY, Mo.—My husband had a rash all over his body, and soon the whole family was afflicted with the same. It looked nasty and itched all over the arms and body in big bumps. This trouble burned and itched so that it would nearly drive me crazy. It was always worse at night, so we could not sleep.

"We all had this trouble for about two or three years, and during that time tried many remedies and prescriptions with no results. We tried Resto relief ointment and Resto relief cream and they completely cured it. I have been four months since we were cured, and there are no traces of the trouble."

ADAMSON STANDS BY STAR OF BETHLEHEM

Congressman W. C. Adamson, of Carrollton, delivered his lecture, "The Star of Bethlehem," before a large audience at the Central Baptist church on Sunday evening.

Judge Adamson in an interesting discussion refuted the statements of astronomers that no star such as the one seen by the Wise Men, was visible in the year one.

Augmented by vocal selections sung by the College Park Choral club and the chorus of the Southern University of music, the organ recital of Dr. Edwin Arthur Kraft at the auditorium Sunday afternoon was very attractive, and was attended by a large crowd.

Mrs. W. H. Walker and Miss Frances Rivoli accompanied the singers on the piano.

GIRL WHO TOOK POISON GLAD SHE'S STILL ALIVE

Miss Willie Turner, pianist, 1000 N. 10th St., who was taken to the hospital in an effort to end her life, was reported Monday to be doing well at the Grady hospital.

"I had a fuss with a friend and didn't want to live," she said when taken to the hospital, "but now I'm glad, glad."

The reasons for Certain-teed Roofing

Every buyer needs the proper assurance, when he pays for the best quality, that a second or third quality will not be delivered. The market is flooded with too many brands. Some manufacturers with poor facilities too often meet competition by cutting quality. Some wholesalers buy any old quality, put their labels on it, and say it is the best. Our Certain-teed label is backed by the written guarantee of the world's largest manufacturer of asphalt roofings. It gives each buyer the assurance wanted, and our unequalled facilities for manufacturing enable us to sell it at a very reasonable price.

These are the reasons for

Certain-teed Roofing

Come to our mills and see how we make the goods. We know that our Certain-teed Roofing is the best quality that we can make. It is the best quality that can be made to last and remain waterproof on the roof. It is made with that one purpose in view. We also make cheap grade, poor quality roofings to meet the demand for very temporary roofs, but the Certain-teed label goes only on our best quality, longest life product. It is the grade which carries our Company name and endorsement and guarantee—1-ply 5 years, 2-ply 10 years, 3-ply 15 years.

If you want the right quality and want to be sure you are getting what you pay for, insist on the Certain-teed label. The price is reasonable. No one can tell the quality of a piece of roofing by looking at it. The map is not living who can take three kinds of roofing of different qualities and tell with any degree of accuracy the length of time each one will last on the roof. He cannot tell their relative values by looking at them. Why take the chance of guessing, when you can get the safest guarantee on the best quality goods at a reasonable price.

If for any reason you do not care for the highest quality—if you want a temporary roof—we also make goods sold at the lowest price on the market, because we have unequalled facilities, and are making approximately a third of the entire asphalt roofing and building papers in the world every day. Our facilities enable us to beat all competitors on price goods as well as on Certain-teed quality.

The difference between the best sort of goods, the freight, the laying, etc., between quality goods and price goods is insignificant. It is a much better policy to cut out the guessing and let the manufacturer of real responsibility insure you on all the vital points. He knows what he puts into the goods and what they will do—you can't see inside upon getting everything as represented.

CORN PRODUCTS COMPANY

CASE ON IN U. S. COURT

Government Witnesses Here From Alabama, Florida and Several Ga. Cities

Taking testimony in the civil suit which the government has brought under the Sherman anti-trust law against the Corn Products Refining company, and others was begun in the federal building before Rowland W. Phillips, special examiner, Monday morning.

Government witnesses were on hand from Georgia, Florida and Alabama. The government is represented by Van Sinderen Lindley of New York, special assistant to the attorney general, while the other side is represented by Preston Davis of the New York law firm of Davis, Boardman & Platt, and James W. Austin, of Austin & Smith.

The government suit was brought on March 2, 1913 in New York, and testimony has been taken in the east, middle west and the Pacific coast. Besides the Corn Products company, others against whom the action is directed are Peck & Ford, Ltd., Ltd., the National starch company, the St. Louis Syrup and Preserving company, and numerous individuals as directors of these concerns, including R. T. Bedford, president of the Corn Products Refining company and for many years an officer of the Standard Oil company.

The government charges that by the formation of the Corn Products Refining company in 1906 a monopoly of the manufacture and sale in interstate commerce of glucose, starch, and related syrups was effected, and that since then the monopoly has been maintained and trade in these products restrained.

The hearings in Atlanta will continue for several days. Witnesses representing Atlanta are D. R. Wilder, W. J. Peasbody, J. D. Halsey, and Homer S. Prater. W. C. Wright, of Cairo, H. S. Griggs and L. B. Gay, of Jacksonville, and David Dryfus and J. D. Whitefield, of Montgomery, are also government witnesses.

NEGROES HEAR ADDRESSES ON UPWARD PROGRESS

Stress was laid on the need of a proper foundation of fundamentals for the upward progress of the negro race by C. L. Harper and Richard D. Stinson, of the Atlanta Journal, and Industrial school when they addressed the Allen Christian Endeavor league at the Bethel church Sunday. Primary principles of foundation must be studied, they said.

SAYS WIFE STAYED OUT LATE; CAME IN WINDOW

After a month's married life, E. C. Bell brought suit for divorce Saturday against Mrs. Laura Bell, alleging that she stayed out late at nights frequently, and that, on one occasion, when he had locked the front door at midnight, she came in later by climbing through a window.

E. C. Bell, 312 Jones street, of the Brewer Candy company, requested The Journal to make it plain that he is not the E. C. Bell who brought the suit.

DECLARES IT WAS BOOZE KNOCKED OUT JOHNSON

Booze and not Jess Willard knocked out Jack Johnson in the 16th round according to Dr. E. H. Proctor, pastor of the First Congregational church, colored, who spoke on the "World War on Strong Drink" Sunday.

Booze got Jack going and coming, according to the pastor. If he "laid down" then it was because liquor had weakened his will. If he was really knocked out, then rum had undermined his strength.

"THE LIFE BEAUTIFUL,"

DR. ATKINSON'S TOPIC

Dean of St. Philips Pleads for Larger View of Life in Sunday Address

Taking as his subject "The Life Beautiful," Dr. John R. Atkinson, dean of St. Philip's Episcopal cathedral, addressed a crowded house at the 10:30 p.m. Sunday night, and pleaded for a larger, nobler view of life and of the "thousand and one things which go to make up life."

The dean took for his text St. John 10: 10. "I am come that they might have life, and that they might have it more abundantly."

Proceeding in his address, the dean read an open letter from an Episcopal churchman to Bishop Nelson, in which the writer deplored the unfair reports of the dean's remarks and pleaded with the critics of the dean for a more considerate and Christianlike attitude.

Finishing the letter, the dean declared that not one word of honest criticism of any of his plans has yet come to him, though there has been considerable "fault finding." He declared that his object in holding the meetings was not controversial nor to make converts of other denominations to his church, but to make of the Jew, a better Jew, the Catholic, a more devout Catholic, and the Baptist, Presbyterian, Methodist and Episcopalian, better, truer men and women.

"If I can send these people back to their own churches, broader, more considerate, with a higher view of life, then I will have accomplished much. I have no particular doctrine but truth. I want to show them the best, the God of love; the Heavenly Father who watches over them more tenderly than their earthly fathers, not a stern God, sitting upon a throne, headless of the cries of some of his children down in an awful abyss, while angels round him sing: 'Holy, Holy, Holy, Lord, God Almighty.' I want to tell you of a God of Love, not a God who damns. Men who preach of a God who damns are diseased in mind."

And let us have principles, not rules. One of the ideas in Atlanta seems to be that all the goodness is enclosed in the waistcoat pockets of your ministers, and that God is synonymous with death and dead men's bones. I plead for reverence and love of God and let us not advertise our Christ and our God upon sign boards and in newspapers.

After the meeting Dean and Mrs. Atkinson left for a two weeks' trip to New York.

Either Bishop C. K. Nelson or Dr. W. W. Menninger, rector of All Saints, will be the speaker next Sunday night.

Did you ever hear of anyone going back to other ways of heating once they tried our way? They will tell you their investment in IDEAL-AMERICAN outfit pays far higher than 10% in reducing the cost of living.

A No. 1-22 IDEAL Boiler and 400 ft. of 38-16 AMERICAN Radiators costing the owner \$150.00 were used to heat this cottage. At this price the goods can be bought of any reliable, competent Fitter. Don't include costs of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

If you own, or are about to buy or rent, you owe it to yourself to use that same shrewdness and foresightedness in planning, buying or leasing as taught by ablest Builders and Real Estate men everywhere; that is, put in an IDEAL-AMERICAN outfit now—at present most favorable prices—iron prices now rule lowest in 10 years past—and in these dull months you get the services of the most skilled Fitters. Don't be caught unprepared another Winter—investigate now.

Call your dealer on the phone today and get his estimate. It will surprise you how well within reach is the price—and in the years to follow you'll enjoy perfect comfort and learn to save heating dollars that will repay you many times the original investment if the building stands as long as the outfit lasts. Can you make your money do more? Act now! Ask for free catalog: "Ideal Heating."

The fire in an IDEAL Boiler need not be reckoned a heating season. One 16 inch boiler can easily last through the longest winter. It can change a house into a home.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arsanol, apply it at night when retiring, and wash it off in the morning. It will remove the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single scale and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arsanol at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

These Pictures, Which Will Give Atlanta Its Only Chance to See the War as It Is, Have Been Secured by The Atlanta Journal and New York Sun

These, the only moving pictures of the war, present actual scenes of the conflict, including the deadly work of the great howitzers which Germany "had up her sleeve," and with which the strongest fortifications in Belgium and France were crushed. In your comfortable opera chair you are right on the firing line, sitting safely amid the horrors of war, seeing all the terrible destruction of life and property, experiencing all that you might were you one of the fighters, save only that the din is absent.
