

# JUDGE FRANK'S LETTER TO BE RESEEN FOR CLEMENCY

Lamented Jurist Said to Have Declared He Would Appear Before Prison Commission and Urge Mercy if He Lived

PLAN TO GO BEFORE PARDON BOARD AT ONCE

Application for Commutation of Sentence Will Be Made as Soon as Necessary Papers Can Be Prepared

A letter from the late Judge C. B. Frank in which the lamented jurist said he would appear before the prison commission on behalf of Lee B. Frank if he lived until the case reached that body, will form a strong part of the plea of the attorneys for executive clemency, it was reported on good authority Tuesday.

While it is not known that the petition for clemency, which may be filed with the prison commission at any moment by Attorney H. A. Alexander, will contain any reference to the letter from the deceased jurist, the letter will be used before the hearing is over. It is also said that Judge Frank before death remitted to several people at all when the case reached the prison board. He would ask for clemency for the prisoner, who was convicted of murder before him, and about whom he had publicly expressed a doubt when he passed upon the motion for a new trial. It is likely that the people to whom the remarks to the effect as said to have been made by the late jurist were addressed, are the committee.

## JURIST NOT CHANGED

While Frank's attorneys at the hearing will be fortified with the expressed wish of Judge Frank, they will also be fortified with the fact that the jurist was not changed in his opinion of the prisoner, who was convicted of murder before him, and about whom he had publicly expressed a doubt when he passed upon the motion for a new trial. It is likely that the people to whom the remarks to the effect as said to have been made by the late jurist were addressed, are the committee.

## POLICE MATRON PLANS

TO RETIRE IN PENSION

Mrs. Bohnefeld to Rest After

Twenty Years of Work for

the City

After twenty years efficient and com-

petent service to the city of Atlanta,

Mrs. Bohnefeld, Police Matron, will

soon retire. Her application for retire-

ment, with a pension was filed Monday

afternoon with Chief Bohnefeld.

Mrs. Bohnefeld, 50 years old, has

many young women from all parts of

the United States. For thirteen years,

she was the first woman police officer

employed by the city at the Grady hos-

pital.

Mrs. Bohnefeld was born in Germany

sixty-three years ago. She now has

many relatives living on the East, but

she has lived in America so long that

she looks upon the country as home.

"I can get on with my work," said

Mrs. Bohnefeld, "but I think, at my age,

that some rest will be a good thing

and more active woman than my place."

Mrs. Bohnefeld, if she would, could

tell some remarkable stories of the

years she has spent in the Police Mat-

ron. But she has been noted for her

ability to keep silent concerning her

trouble and sad experiences. She has

been arrested.

Mrs. Bohnefeld will be retired, if

consented to, favorably upon her ap-

plication, upon half pay, and expects to

move to a farm.

No one has yet been mentioned as

her probable successor.

## SAYS GERMANY CANNOT BE STARVED BY ALLIES

Atlanta Citizen in Berlin Gives  
Views on War in Letter  
to V. H. Kriegshaber

That Germany cannot be starved out, while in England the laboring classes are striking because they must pay so much for food, and that the allies will be unable to break through the Dardanelles, are assertions in a letter which Victor H. Kriegshaber received from an Atlanta citizen temporarily in Berlin, which he requested The Journal to publish.

The letter follows:  
"I wrote you the other day about the English blockade and the efforts of the English statesmen to 'starve' Germany, not with force of arms, but with the terror of starvation.

"Don't worry about this, as it is more a question than anything else, the purpose being to create political effect or to 'show up' the populace of England and France. Germany cannot be starved out, any more than it is likely that the population of Georgia can be starved out.

There is plenty of food available at reasonable prices, whereas in England the laboring classes are striking because they must pay so much for the necessities of life. To properly oversee and prevent needless waste and to provide against every possible contingency such as unfavorable crops, that is now being planned, the government took hold and has organized thoroughly the distribution of flour and grain, but I hear that not only is there an ample supply for the coming months but supplies are available to satisfy all requirements until next fall or for three months after the harvest period of the crop that is going to be made.

"We personally see no sign of any hardship. The vegetable stores, fruit stores, butcher shops and groceries run along as they did a year ago. Every luxury and delicacy is available. The best and the ordinary restaurants maintain old prices.

**PLenty OF BREAD.**  
The only restriction is on bread. On that, there is a limit of consumption for each adult of 1 1/2 of the United States pounds per person weekly, which is a lot more than we consume. There is no such thing as the government taking over all food supplies. That is some thing of the applicable stuff circulated in the United States, and it is with any effect, I would urge you to publish the real truth in the Atlanta papers.

"Don't worry about the fall of Constantinople, as I don't believe the allies will be able to break through. Thus far they have lost one-third of their attacking vessels and are not further than the entrance of the Dardanelles and the real difficulties of attack have not even commenced.

"The question about Italy has undoubtedly been settled by diplomatic contract and Italy will get out of the past of what she wanted, viz: The Trentino or Italian Austria, by peacefulcession and so, that added difficulty for Germany has been solved.

"Greece also refused to join the entente and no order is more than likely to be maintained in the Balkans, as all these states fear the prospects of Russian domination over Constantinople and the Dardanelles.

"The American press in its anti-German spirit will not perhaps give out the exact status, as it depends upon the land and French telegrams and gets twisted in consequence. I hope the United States will not submit to English aggressions on United States commerce with Germany or the United States making peace with neutrals when England suggests that the allies must ultimately reach Germany or might originally have come from Germany. The

## MRS. MCCARTHY NOT IN DANGER FROM ACCIDENT

Prominent Woman Shot in the  
Side by Pistol She Was Ex-  
amining, Recovering

Shot in the left side just above the waist while examining an automatic revolver Monday night at her home, 229 North Boulevard, Mrs. William McCarthy, president of Atlanta chapter of the United Daughters of Confederacy, and a leader in women's club circles, was painfully injured, and is now in a private ward at Grady hospital recovering from the wound.

Mrs. McCarthy had borrowed the pistol from a friend of her home because she was afraid of burglars, said her husband, cashier of the local agency for the Phoenix Mutual Life Insurance company. At 7 o'clock Monday evening she was inspecting the pistol to see how it worked. Her two daughters were in another room, he said, and he at his office.

The revolver was discharged, the bullet entering the left side a few inches below the heart. Mrs. McCarthy's neighbors rushed into the room and neighbors helped them call an ambulance to notify Mr. McCarthy. Mrs. McCarthy was taken to the Grady, and Dr. W. E. Westmoreland called to attend her.

"The wound is only a flesh wound," Dr. Westmoreland told a Journal reporter Tuesday. "and it is no way fatal. Mrs. McCarthy is suffering some pain, but she should be able to leave the hospital within ten days."

Besides being president of Atlanta chapter, Mrs. McCarthy is an active member of the Order of the Eastern Star, patron of the Soldiers Home and generally a leader in women's work. She has many friends who will be deeply concerned at the news of her injury.

Impression prevails here that the United States has been too vacillating. A firm stand for its rights and the inauguration of radical methods on England and France by refusing to export to both of these countries from the United States would end the war in a month.

Without the United States supplies of food, clothing, horses, autos and socially communicated to the war, the allies would have to quit and order would be immediately restored out of chaos.

**Dandruff Heads Become Hairless**

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single bit of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces will last you a long time, no matter how much dandruff you have. This simple remedy never fails.—(Adv.)

## COUNTY TAX ASSESSORS MEET APRIL 23 AND 24

in House of Representatives  
at Capitol

County tax assessors from every county in Georgia are expected to attend the first annual convention of these officials, which will be held in the house of representatives at the state capitol, Friday and Saturday, April 23 and 24.

The call for this convention was sent out several weeks ago by Judge John C. Carhart, the state tax commissioner, who believes an interchange of ideas and a discussion of the work done by the assessors in the various counties during the past year, the first year of the tax equalization law, will result in a more uniform system of taxation throughout the state.

## PLANS ARE MADE FOR OSTEOPATHIC CONVENTION

Following a meeting in Atlanta with the state secretary, Dr. Otto H. Grimes, and the chairman of the executive committee, Dr. M. C. Hardin, Dr. J. W. Elliott, president of the Georgia Osteopathic association, has returned to his home in Cordale.

Plans were made for the annual meeting of the association at Cordale on May 14-15. Dr. Ruth B. Arnold, who recently addressed the local osteopaths, has returned to Cincinnati.

Who Voluntarily Ask for  
Retirement

The names of fourteen veteran policemen will be presented to the board of police commissioners at its next meeting by Councilman Edwin P. Johnson with the recommendation of Chief Leavitt that they be retired on pensions and their places filled with younger men.

Six of the policemen on the list, including Matron Mary Bohnefeld, have applied for pensions voluntarily. The police commissioners have the authority to recommend to council the retirement of the others, regardless of the wish of the six who will apply for pensions.

The sixteen who will apply for pensions are A. D. Brannen, W. P. Whitler, A. J. Whitler, T. J. Tippan, E. A. Baker, and Mrs. Bohnefeld.

May closed last night at \$1.84 3/4, and today sold as low as \$1.84 1/2, then reacted with almost equal suddenness to within 1 cent of last night. New crop months were comparatively unaffected.

**SUPREME COURT PUTS OFF SHRINE CASE HEARING**

Postponement Made Because Several Justices May Be Disqualified

Owing to the fact that two and perhaps three justices of the state supreme court will hold themselves disqualified to pass upon the appeal case of Charles Falson, Rabban temple, et al. vs. Forest Adair, et al. which case is out of the injunction proceedings brought by Forest Adair and other holders of Vesper Temple, Order of the Mystic Shrine, against Falson and other negroes, who it was alleged, had organized an invasion of the Mystic Shrine among the negroes in Georgia and other states, the supreme court Monday postponed arguments on the appeal.

Several weeks ago Judge H. L. Patterson of the Blue Ridge circuit, granted an injunction against the negro order and its officers, the case having gone before him because the judges of the state supreme court were disqualified in the event of being members of the same or closely related to members of that order.

The defendants appealed from Judge Patterson's injunction and the case was set for argument Monday morning. It was announced in the supreme court that arguments would be postponed until Governor Briston could appoint superior court judges to sit with the supreme court in the place of the ones who have who will disqualify themselves because of being members of the

**MOTHER AWARDED \$4,117 FOR DEATH OF HER SON**

Mrs. F. M. Berry, Is Given Verdict Against George B. Powell

Mrs. F. M. Berry, living on the Planter's Ferry road, mother of Prince F. Berry, who died following injuries received while riding with George B. Powell in the latter's automobile more than two years ago, was awarded a verdict of \$4,117 against Powell by a jury in Judge Pendleton's division of the superior court Monday.

Prince F. Berry, according to the petition, was a passenger in the Powell automobile. They were riding out on the Roswell road January 21, 1912, when the automobile, in talking a turn struck an embankment, injuring Berry. He died February 4, following.

Mrs. Berry brought the suit through George Westmoreland and J. Calver Clarke. She asked for \$25,000, alleging that her son's death was caused by Powell's reckless driving. In her petition she declares that her son was a bachelor earning \$200 a month and was her support.

The defendant was represented by I. Z. Rosner and Simmons & Simmons, and contended that if there had been any recklessness on Powell's part, Berry was a party to it and offered no protest.

IT has been the policy of the Bell system to educate the public to use the telephone, and to place a Bell telephone within the reach of everyone. In this country there are ten telephones to each hundred persons as compared with one to a hundred in Europe.

Americans of all sorts use the telephone freely, because the chances are that the person they want to reach is either a telephone subscriber or can be easily reached by telephone.

The Bell System places at the disposal of every home, office or place of business the kind of service best suited to their needs and purchasing power. That is why there are so many different classes of service and the reason Bell Telephone service is within the reach of every class of citizen.

## EXERCISE AND GRECIAN BEAUTY WHAT IT MEANS

Many thousands of women are now-days paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this subject, which is the result necessary to physical beauty. The Greeks, both men and women, excelled in beautiful and symmetrical forms because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise, continued day after day is best for the body and spirit and health. With-out proper exercise there can be no health, and without health there can be no real beauty.

There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mildly restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from Nature's roots with glycerine, with alcohol to fully stimulate. It banishes pain, headache, backache, nervousness, flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Rick women are invited to consult Dr. Pierce, by letter, free. Address: Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. (Adv.)

## PERFECTION OF OPERA DUE TO DIRECTION OF SIGNOR GATTI-CASAZZA

Mrs. Frances Alda, soprano of the Metropolitan Opera company, and the wife of Signor Gatti-Casazza, its director. She will sing the beautiful role of Micaela in "Carmen" on Wednesday night.

Stars No Longer Dictate to Manager—Caprices of Prima Donna Ignored by Conductor or Toscanini

The smoothness of productions by the Metropolitan Opera company, the perfection of its performances and the perfect harmony between singers and orchestra have been the subject of a great deal of comment by Atlanta opera-goers familiar with productions of past years, and high praise has been given to the managing director of the organization for the past five years, Signor Giulio Gatti-Casazza, who has been the managing director of the organization since the death of the late Signor Toscanini.

The work that Gatti-Casazza and Toscanini, the wonderful conductor, have been doing to make more perfect the artistic beauty of opera, is described interestingly by "Musical America," a veteran writer for Musical America, who says:

"Certain artistic collisions between certain noted conductors and certain noted artists of the Metropolitan have been the subject of much comment. Signor Giulio Gatti-Casazza, an opportunity in his quiet, amiable, but decisive way, to further establish the authority of the conductor and to make it understood by the artists, the orchestra management, as well as the orchestra, that they must all bow to the conductor—that, indeed, his authority is supreme.

"Now you have no idea how much this has had to do with the splendid ensemble which has been, to my mind, one of the most notable characteristics of the performance at our great opera house, since Signor Gatti became the sole responsible director.

"It is not merely with works in the regular repertoire, but more particularly with the revival of old and the production of new works that first performance has gone with such smoothness and perfection, as was, in former times, secured only after several repetitions.

"This can best be appreciated by those who have witnessed first nights, even in the leading opera houses in Europe, where the pleasure, as well as interest, was marred by the constant shouting of the prompter and the interminable delays between scenes, so that it was no uncommon thing for a premiere in one of these opera houses to be delayed to the early morning hours.

"This smoothness of production, which has contributed so greatly to the proper understanding of the works produced, has resulted from the gradual introduction of the discipline which, in former years, was sadly lacking in the Metropolitan stage, and for this we owe, as we do in many other ways, a debt to the distinguished and sincerely artistic head of the Metropolitan forces. It was he, as well as his great Italian conductor, Arturo Toscanini, who finally brought order out of the chaos that existed under the rule of his predecessors. This meant that all employees from the humblest chorus girl up to the most distinguished artist, had to work for the ensemble and not for any individual success.

Roberts approached the factory of the J. K. The man leaped to the ground and outstayed the officers, but the woman tripped on her own clothing and was captured and taken to police station.

**Compare the Cost of this Dish to an Expensive Meat Dinner**

Here is a fair comparative cost of a meat and a Faust Macaroni dinner for a family of six, showing a clear saving of 88c in favor of macaroni—for 1 meal only:

3 lbs. of sirloin steak at 30c a lb.	\$1.05
Bread and butter, say	.10
One pkg. Faust Macaroni	.30
One can of tomatoes	.10
Bread and butter, as above	.10
<b>Total</b>	<b>\$1.65</b>

Of comparative nutritive values, Dr. Hutchinson, the famous dietitian, says that meat contains practically 75% water, macaroni only 10%. In other words, when you pay \$1.00 for meat, you pay 75c of that \$1.00 for water.

And it's so easy to digest and so easy to prepare Faust Macaroni. Besides serving it as the whole meal, you should serve it often as a side dish.
